

## **Tennis**

A fun game to play, I can hit all day.

Whether it's serving in the service box, or running to swing as fast as a fox.

Hear the ball bounce, hear the racquet swing, as long as you have a great time, you got that thing!

Try your best to give it your all, and you'll be on the ball.

Not literally, you may slip, tumble down or do a backflip.

Lets serve, the court you'll first observe.

Please go over the net, thank god it was a let.

We're having a great time, you get the picture, no need to rhyme!

Show off your tricks to act cool, please perfect them, don't be a fool.

This game makes me go 'WOW,' I think that'll be all for now.
