MEDIA RELEASE

Tuesday 4 January 2022

COVID-19 vaccine third doses now available

Has it been four months or more since you've been double vaxxed? If yes, and you're aged over 18, it's time for your third dose.

A third dose helps strengthen your protection against COVID-19 and prevents waning immunity. We encourage everyone to come forward to get their third dose so you can continue to protect your family, friends and the broader community.

You can get a Pfizer or Moderna third dose regardless of which COVID-19 vaccine you received for your initial doses.

For further information, visit www.coronavirus.vic.gov.au/boosters or contact 1800 675 398. You can book your vaccine appointment online at <https://portal.cvms.vic.gov.au/> or by calling the Coronavirus Hotline on 1800 675 398, seven days a week, 8am to 8pm. For an interpreter, press zero (0).

To book an appointment at a participating doctor, community health service or local pharmacy, visit covid-vaccine.healthdirect.gov.au/booking
