

STRENGTHENING EDUCATION AND CARE PROGRAMS FOR BABIES AND TODDLERS

Educating and caring for babies and toddlers is specialised work. This series will encourage you to reflect on your current practices, care experiences and transitions for children and families in your service. This will facilitate learning and development and foster relationships.

Infant and Toddler Specialist Consultant and Pikler® Pedagogue, Dr Katherine Bussey invites early childhood professionals into active exploration of their everyday work delivered over two workshops.

The workshops are suitable for early childhood educators and teachers working with babies and toddlers.

Session	Details	Date
Workshop one	Care moments — how to facilitate connection and building of connected relationships through everyday moments that facilitate learning.	Thursday 24 August 6pm–6.30pm networking and light supper 6.30pm–8.30pm workshop
Workshop two	Supporting children, families and team through well-planned transitions — this includes transitions into the centre, between rooms, and in minor transitions throughout each day.	Thursday 21 September 6pm–6.30pm networking and light supper 6.30pm–8.30pm workshop

Location:

Caulfield Park Pavilion
Community Room
280 Balaclava Road, Caulfield North

How to register:

Cost is \$35 total (includes booking fee) for both workshops. Bookings essential. Visit www.trybooking.com/CHJAP or scan the QR code.
