

CONDITIONS OF USE FOR A PERMIT ISSUED UNDER THE DISABILITY PARKING PERMIT SCHEME (PERMIT)

GLEN EIRA
CITY COUNCIL

1. The permit must be clearly displayed on the left hand side of the front windscreen with the expiry date, permit number and permit code clearly visible from the outside of the vehicle.
2. A driver using the permit must either be the permit holder or must be parking the vehicle for the convenience of the permit holder who needs to enter or leave the vehicle.
3. A permit is not valid beyond its expiry date or if the expiry date or the permit number is not legible. (For replacement of damaged permits, contact Council for information.)
4. A person may only hold one permit.
5. The parking entitlements applicable to the permit apply anywhere in Victoria. Reciprocal arrangements between states which have been agreed by the Australian Transport Advisory Council also apply.
6. The permit remains the property of Council and must be returned within seven (7) days if requested.
7. When requested by an authorised officer, a driver using the permit must:
 - state his/her name and address;
 - produce his/her driver's licence; and
 - produce a valid permit.
8. Provided no other parking restrictions are breached, a vehicle correctly displaying a valid **Category 1** permit may park either in a parking area or bay designed for use by people with disabilities for the time and parking fee specified for that area, if applicable,
or,
for twice the specified time in any time-restricted parking bay or area on payment of the initial parking fee, if applicable. (For example, in an area with a green 2-hour sign applying, a permit holder can park for four (4) hours provided they have paid whatever fee applies for 2-hour parking).
9. A vehicle correctly displaying a valid **Category 2** permit may stay for twice the specified time in any time-restricted parking bay or area on payment of the initial parking fee, if applicable.
10. If an authorised officer requests production of a valid permit and no permit is shown or the officer deems that the permit is invalid, or that there is insufficient proof that the driver or passenger in the vehicle is the permit holder, the vehicle must not park or remain in a parking area or bay designated for a person with a disability and must comply with all parking restrictions in parking areas or bays which are not designated for use by people with disabilities.
11. Permit-holders must not stop or park in areas where stopping or parking is prohibited under the *Road Safety Road Rules 2017 (Vic)* and aside from the specific entitlements set out in paragraphs 8 and 9 above, permit-holders must comply with all parking restrictions and rules applicable to parking.
