Overview

The relief and recovery community services directory is focused on service providers and organisations that are able to provide relief and assistance during the coronavirus (COVID-19) pandemic.

While every effort has been made to ensure the accuracy of this information, it may change without notice. It is recommended that you contact the services directly to confirm their current service provisions.

State Government Coronavirus Hotline

This hotline is for people who suspect they may have COVID-19, please contact the Department of Health and Human Services' dedicated hotline on 1800 675 398 — open 24 hours, seven days.

For more information, visit <https://www.dhhs.vic.gov.au/coronavirus>

Government updates — Stay Informed

It is important that you keep up-to-date with advice and guidance on how to protect yourself and others in the community from the spread of COVID-19.

Coronavirus Australia App

Stay informed with the latest COVID-19 announcements by downloading the Australian Government's coronavirus app — search 'Coronavirus Australia' in the Apple App Store and on Google Play or visit <https://www.health.gov.au/resources/apps-and-tools>

COVIDSafe app

The *COVIDSafe* app helps find close contacts of COVID-19 cases and assists state and territory health officials to quickly contact people who may have been exposed to COVID-19.

Downloading the app is something you can do to protect you, your family and friends and save the lives of other Australians. The more Australians that connect to the COVIDSafe app, the quicker we can find the virus.

The *COVIDSafe* app is the only contact trace app approved by the Australian Government — search 'COVIDSafe' in the Apple App Store and on Google Play or visit <https://www.health.gov.au/resources/apps-and-tools>

COVID-19 vaccines

For the latest news and information about COVID-19 vaccines in Australia, visit <https://www.health.gov.au/initiatives-and-programs/covid-19-vaccines>
