## Free counselling for business owners

Free counselling for Glen Eira business owners and their staff is now available through Council's *Employee Assist Program (EAP)*.

The *EAP* is a free, professional and confidential, self-referral counselling service for Glen Eira businesses which provides professional, short-term assistance.

Glen Eira Mayor Cr Margaret Esakoff said Council is here to support our local businesses during this challenging time.

"It's very important to access your support networks and seek professional support early if you're having difficulties," she said.

The *Program* provides two sessions in total, of either the *Employee Assist* or *Money Assist* streams to any businesses registered and operating in Glen Eira. (You must provide proof of business registration and location.)

The sessions can be accessed by calling 1300 687 327 and making an appointment under Glen Eira businesses.
