Should we include the hire of facilities in our grant application?

If you require the hire of a Council-owned facility, such as Town Hall rooms, Carnegie Library and Community Centre rooms, public halls, social rooms, recreational facilities and parks, please include it in your grant application. The hire could include one-off or regular use of a facility. Please consider that Council-owned facilities may be impacted by social gathering restrictions and density limits will apply and COVID safe plans are required.

Can we request a grant for a project that has already started?

No. Your project must begin after Monday 1 March 2021.

Can we include food in our grant application?

Yes. The purchase of food and drinks may be funded if this is demonstrated to be integral to the delivery of a successful project. For example, food and drinks may be used as part of providing food packages to the community. Subject to relevant DHHS *COVID-19 Food Safety Guidelines*.

Can we include information technology (IT) purchases in our grant application?

Maybe. Requests for equipment and/or technology will be considered where this equipment is for the direct benefit and use by community participants. Priority will be given to organisations with limited capacity to fund IT and to projects that demonstrate support for a project or program that targets vulnerable groups; and/or cost effectiveness and appropriateness of the IT request. For example, expensive IT solutions where cost effective alternatives are available or where a low number of participants benefit does not demonstrate value for money.

Equipment and technology requests will not be granted for administration purposes.
