

GLEN EIRA
CITY COUNCIL

MEDIA RELEASE

Thursday 8 April 2021

Have your say on the draft **Our Climate Emergency Strategy 2021–2025**

In late 2020, Council asked for ideas and feedback from Glen Eira community members on how we could help them to reduce carbon emissions at home, work, school or in the community.

We had a fantastic response to the consultation. Feedback indicates that climate change is seen as a genuine problem and that people recognise their day-to-day habits have an impact on the environment.

The draft *Our Climate Emergency Strategy 2021–2025* and associated *Action Plan* is now available for feedback.

Glen Eira Mayor Cr Margaret Esakoff said the draft *Strategy* outlines Council's commitment to strong and fast action on climate change.

"We will lead by example and work hard to cut our own carbon footprint. We will support the Glen Eira community by educating, informing, mobilising and facilitating a transition to a low-carbon way of life," she said.

"Through the principles outlined in this *Strategy*, we will work together to create a sustainable, liveable, equitable and resilient Glen Eira."

The draft *Strategy* and *Action Plan* is available for feedback until midnight Sunday 2 May. For further information, visit www.haveyoursaygleneira.com.au/climate-strategy
