Statement of significance:

This tree fulfils the criteria of:

- Unique location or context
- Outstanding size (girth height spread)
- Aesthetic value
- Outstanding habitat and biodiversity value

This is a uniquely located large example of a street tree in a prominent position with an outstanding trunk girth in excess of 5m.

It is highly visible and iconic, with its position on the corner of a main road and opposite Caulfield Park making it a striking tree within the local landscape. It makes a major contribution to the neighbourhood character and provides significant amenity to the community.

The numerous hollows in this tree provide nesting sites for native wildlife and as a large flowering native tree it is a vital food resource.
