### Statement of significance:

This tree fulfils the criteria of:

- Unique location or context
- Aesthetic value
- An outstanding example of the species

This well-formed mature tree is one of only a small number of large, healthy established trees growing within a roundabout in Glen Eira.

It is a prominent, highly visible tree with good health and structure that is particularly striking in the landscape. It provides significant canopy coverage shading the road surface and makes a major contribution to the neighbourhood character, providing amenity to the community.

This is one of the largest and healthiest examples of an *Angophora costata* growing within the city.
