Structural Root Zone (SRZ): 3.4m

Approximate age: 60 years

Diameter at breast height: 110cm

Tree Protection Zone (TPZ): 13.2m

Tree height: 18m

Tree canopy width: 16m

Easting: 329157.4

Northing: 5799574.7

Glen Eira Asset ID: N/A

Statement of significance:

This tree fulfils the criteria of:

- Outstanding Size (girth height spread)
- Aesthetic value
- Outstanding example of the species

This large and healthy tree is of outstanding size for trunk girth, height and canopy spread for this species within the municipality.

The tree is predominantly located in the front yard of a corner property situated on a major intersection. It has high visual presence in all directions from the public realm and makes a major contribution to the local landscape. The tree is a landmark for the area, and its impressive floral display each year provides substantial appeal and amenity to the community.

It is an outstanding example of the species in the local area, with few other trees around to rival its size and excellent form.
