Approximate age: 60 years

Diameter at breast height: 83cm

Tree Protection Zone (TPZ): 10m

Tree height: 14m

Tree canopy width: 19m

Easting: 330472.1

Northing: 5804545.0

Glen Eira Asset ID: TP103853

Statement of significance:

This tree fulfils the criteria of:

- Unique location or context
- Outstanding size (girth height spread)
- Aesthetic value

This mature English Oak is the oldest and most established of the few remaining mature canopy trees within Springthorpe Gardens. These gardens are within an area with significant Planning Overlays protecting the architectural heritage and greenery of the neighbourhood.

The tree is particularly notable for its spreading canopy that is wider than the tree is tall. It is a healthy and well-formed example of the species that makes a substantial contribution to the local landscape and neighbourhood character, providing benefit and amenity to the community.

With continued care this tree has the potential for a very long and useful life, allowing it to be enjoyed by visitors to the gardens for many years.
