Statement of significance:

This tree fulfils the criteria of:

- Particularly old specimen
- Outstanding size (girth height spread)
- Aesthetic value
- Outstanding example of the species

This Camphor Laurel is a particularly old example of the species to be found in the area, confirmed to be over 65 years old and with an outstanding trunk girth and canopy spread for a tree located within an older established urban environment.

The tree is prominent and highly visible from the public realm, providing significant canopy coverage over public and private lands. It is striking in the local landscape and provides significant amenity to the community.

Based on its impressive size, good health and maturity, this is an outstanding example of the species within the local area.
