Classified Tree Register nomination number: 447/CTR/2022

Date of Assessment: 09/01/2023

Assessing Officer: Christian Renaud

Tree Owner: Council Trees

Address: Caulfield Park, Caulfield North

Location: Public Open Space – western end of Caulfield Park

Record type: Group of Trees

Number of trees: 03

Botanical name: *Quercus ilex*

Common name: Holm Oak

Structural Root Zone (SRZ): 3.4m – 3.9m

Approximate age: Estimated age range across all 3 trees is 50 – 80+ years

Diameter at breast height: 100cm – 128cm

Tree Protection Zone (TPZ): 10.9m – 15.0m

Tree height:

13m – 18m

Tree canopy width:

16m – 24m

Co-ordinates:
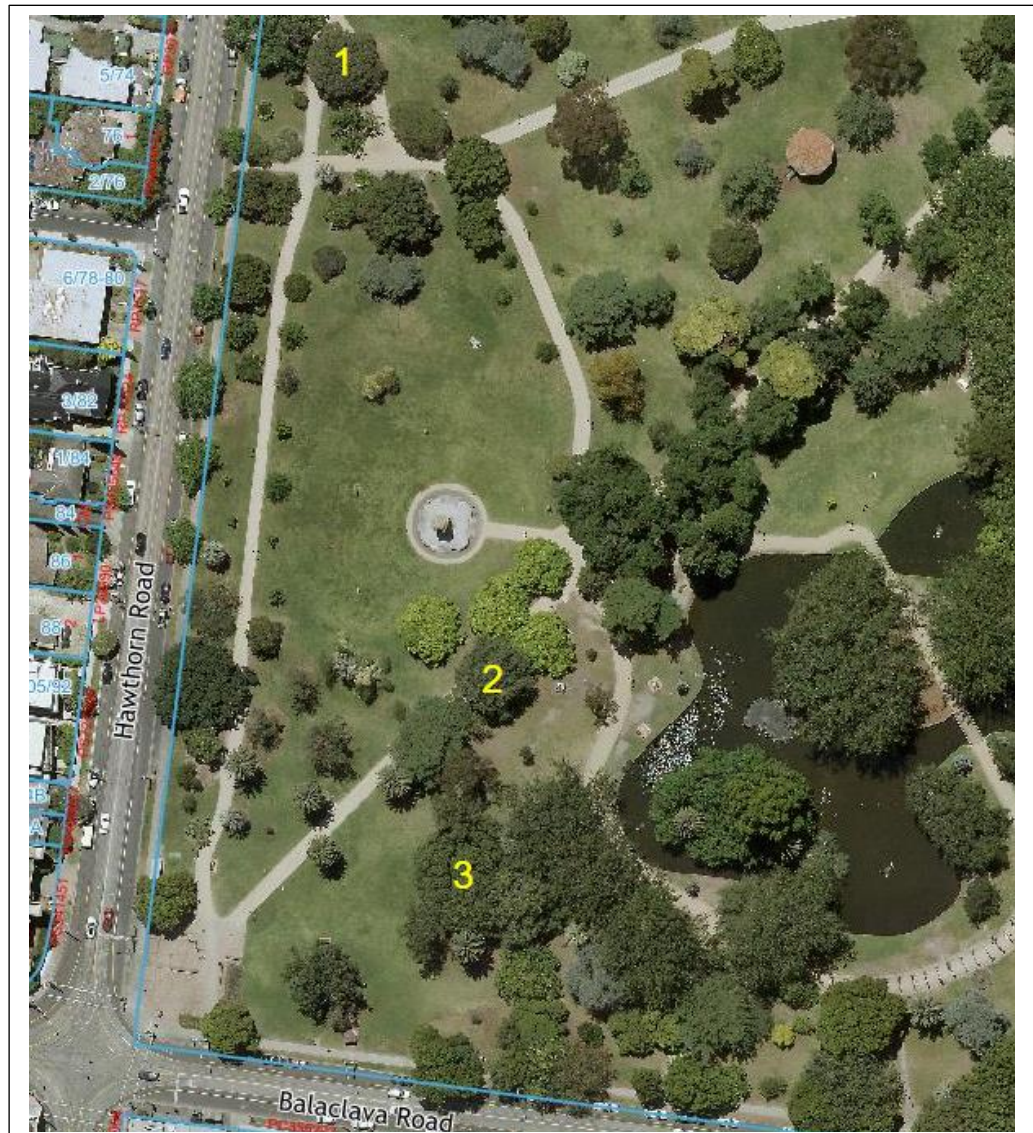

326323, 5806686

326354, 5806555

326349, 5806513

Glen Eira Asset ID's:
TP102011
TP101936
TP101925

Statement of significance:

These trees fulfil the criteria of:

- Unique location or context,

- Particularly old specimen

- Outstanding size (girth height spread),

- Aesthetic value,

- Outstanding example of the species

These 3 Holm Oaks are the largest and oldest of several Holm Oaks growing throughout the historic Caulfield Park and each tree is a major feature within the landscape in their individual settings.

Tree 3 is the oldest and largest of the trees and is a particularly old and large example of the species within the entire municipality, estimated at over 80 years of age, with an outstanding canopy spread of 24m and a trunk girth in excess of 4m.

All 3 trees are well-formed and striking, providing substantial visual appeal and contributing to the overall aesthetics of the park. They provide substantial amenity to parks users as well as the wider community.

As they are all large, mature, healthy and well-formed trees, they are all considered to be outstanding examples of their species within the municipality, with Tree 3 considered significant at the wider regional level.
