

# Glen Eira Classified Tree Register

## TREE REPORT

**Tree number:** 44/CTR/2020

**Date of Assessment:** 30/03/2021

**Assessing Officer:** Christian Renaud

**Tree Owner:** Council Tree

**Address:** 23 Malvern Gr, Caulfield North

**Location:** Public Open Space

**Record type:** Single Specimen Tree

**Number of trees:** 01

**Botanical name:** *Corymbia ficifolia*

**Common name:** Red Flowering Gum

**Structural Root Zone (SRZ):** 4.2m

**Approximate age:** 80+ years

**Diameter at breast height:** 157cm

**Tree Protection Zone (TPZ):** 15m

**Tree height:** 18m

**Tree canopy width:** 16m

**Easting:** 326675.5

**Northing:** 5806869.9

**Glen Eira Asset ID:** TS210

### Statement of significance:

This tree fulfils the criteria of:

- Horticultural or Genetic Value
- Unique Location or Context
- Particularly Old Specimen
- Outstanding Size (girth height spread)
- Aesthetic Value
- Outstanding Example of Species

This is a particularly large and healthy example of the species within a street of mixed plantings that contain several other large mature Red Flowering Gums. It could represent an important source of propagating stock due its age, size and health, and the fact it has not been impacted by borer and pathogens. Given its size this is a particularly old example of the species within Glen Eira.

This tree has an impressive trunk girth with a large spreading canopy that contributes significantly to the neighbourhood character and amenity. It is an outstanding example of the species at the local level.
