Acknowledgement of Traditional Owners

Glen Eira City Council acknowledges the Boon Wurrung/Bunurong and Wurundjeri Woi Wurrung peoples of the Kulin Nation as Traditional Owners and Custodians, and pays respect to their Elders past and present. We acknowledge and uphold their continuing relationship to land and waterways. Council extends its respect to all Aboriginal and Torres Strait Islander peoples.

Council honours the rich histories and cultures of First Nations peoples and recognises and values the important contribution of Aboriginal and Torres Strait Islander peoples in enriching our community. We support the Uluru Statement from the Heart and are committed to a *Reconciliation Action Plan* which is underpinned by the principles of self-determination. We work towards improved outcomes and long-term generational change, and to consolidate Glen Eira as a culturally safe place for Aboriginal and Torres Strait Islander peoples. We are committed to achieving equality for Aboriginal and Torres Strait Islander people to live healthy and prosperous lives and to improve life outcomes for current and future generations.

Glen Eira resides on country that always was, and always will be, Aboriginal land.

Message from the Mayor

As we look ahead to the 2026–27 financial year, I am proud to share a *Budget* that reflects what matters most to our community — both now and into the future.

This *Budget* is more than a set of figures. It is a plan shaped by community voices and guided by a clear commitment to care for the places we share, the services we rely on, and the people who make Glen Eira such a welcoming and connected place to live.

At its heart, this *Budget* is about balance. It supports the everyday things our community values — well maintained parks and playgrounds, safer roads and footpaths, libraries and community facilities, and services that help people feel connected and supported — while also being responsible about what Council can sustainably afford.

We know many households are feeling cost-of-living pressures, and affordability is always front of mind. Glen Eira has a strong record of keeping rates comparatively low, and Council continues to manage resources carefully. However, the cost of delivering services and maintaining community assets continues to rise faster than income, driven by factors beyond Council's control. This means difficult choices are sometimes unavoidable.

Over the past two years, our community has helped shape these decisions through conversations and engagement. You told us that protecting essential services, making fair and transparent decisions, and planning responsibly for the future matter deeply. These priorities are reflected in Council's *Financial Sustainability Strategy* and carried through this *Budget*.

As part of this approach, Council applied for a one-year rate cap variation for 2026–27. Following a thorough assessment process, the Essential Services Commission approved an additional 2.25 per cent above the Victorian Government's 2.75 per cent cap, allowing a total increase of five per cent for the year.

This balanced increase ensures Glen Eira remains one of Melbourne's lowest-rating inner metropolitan councils, while helping Council respond to rising costs while maintaining the essential services and infrastructure our community relies on.

We are also taking a practical approach to maintaining and renewing Council facilities and infrastructure. By focusing on safety, renewal and essential upkeep, we are ensuring the places our community uses every day remain accessible, safe and fit for purpose, while being mindful of long-term affordability.

This *Budget* reflects our shared values — caring for one another, respecting community voices, and committing to a strong, connected and financially sustainable Glen Eira.

Councillor Dr Simone Zmood

Glen Eira Mayor

Foreword from Chief Executive Officer

I am pleased to present Glen Eira City Council's *2026–27 Budget* alongside the Mayor.

The *2026–27 Budget* has been developed against a backdrop of rising costs, increasing regulatory and compliance obligations, and revenue growth that is governed by the Victorian Government's rate capping framework.

Global economic uncertainty continues to place upward pressure on transport, energy, construction materials and service delivery costs. As a result, the cost of delivering services and maintaining community assets continues to grow faster than the income available to fund them.

In response, Council adopted the *Financial Sustainability Strategy 2025–2029* in December 2025. The *Strategy* provides a clear framework for strengthening Council's financial position over time through disciplined decision-making, realistic planning and transparency. It focuses on protecting essential services, prioritising community value and building financial resilience for the future. The *2026–27 Budget* gives effect to this approach.

Council has also taken steps to strengthen its financial position through adjustments to its revenue settings within the Victorian Government's rate-capping framework. The Essential Services Commission has approved Council's one-year 2.25 per cent rate cap variation for 2026–27, resulting in a total rate increase of five per cent for the year.

The additional revenue generated — estimated at approximately \$3 million — will contribute to improving Council's long-term financial sustainability and support the priorities identified through the *Financial Sustainability Strategy*.

In developing this *Budget*, Council has taken a balanced and considered approach, recognising the need to respond to immediate service and infrastructure demands while also safeguarding Council's long-term financial position. This has required careful prioritisation, clear sequencing of work, and a strong focus on delivering the greatest community value within the resources available.

Community feedback has played an important role in shaping the final *Budget*. Through engagement on Council's proposed priorities and funding decisions, community members shared valuable perspectives that helped inform the final outcome. This input continues to support transparent decision-making and ensures Council remains focused on community expectations and long-term needs.

A key outcome of this approach is a strong focus on maintaining the essentials. Investment has been prioritised toward core services, asset renewal, safety and compliance, and the infrastructure that supports everyday life across Glen Eira. By focusing on these priorities, Council can continue to deliver reliable services while managing financial pressures responsibly.

The *Budget* is closely aligned with the *Council Plan 2025–2029* and the associated *Action Plan*, ensuring a clear connection between Council's strategic priorities, the actions to be delivered in the year ahead, and the funding available to support them. This alignment is a key element in improving long-term sustainability.

Capital investment has been deliberately reset to a level that is affordable and deliverable. The *2026–27 Capital Works Program* focuses on renewing priority assets, addressing safety and compliance requirements, and protecting the value of community infrastructure. New or higher-cost projects have been carefully constrained unless externally funded or already committed, reducing pressure on future budgets.

Our workforce remains central to delivering outcomes for the community. This *Budget* provides for essential employee costs and supports targeted investment in capability, systems and ways of working that improve efficiency and service quality. At the same time, Council continues to pursue productivity improvements, service reviews and the smarter use of resources, consistent with the *Financial Sustainability Strategy*.

Council continues to actively monitor cost pressures, contractual obligations and changing economic conditions through its financial management, forecasting and budget review processes. Further changes will be considered where required, including through in-year adjustments or reflected in future budgets as appropriate.

The *2026–27 Budget* is not about doing everything at once. It is about making clear and responsible choices, sequencing work sensibly, and focusing on what can be delivered well and sustainably. In a constrained financial environment, this means prioritising essential services and renewal, managing risk carefully, and ensuring Council's resources are used where they will deliver the greatest long-term benefit.

Lucy Roffey

Chief Executive Officer

Executive summary

Our Financial Sustainability Strategy and the Budget

Council's 2026–27 Budget is the first full budget developed following the adoption of Council's *Financial Sustainability Strategy* on 16 December 2025. The *Strategy* establishes the long-term framework for strengthening Council's financial resilience in a constrained and uncertain operating environment, while continuing to deliver the services and infrastructure valued by the community.

The *Financial Sustainability Strategy* identifies five interconnected levers to improve Council's long-term financial position:

Financial Lever	Description
 Balancing future budgets	Ensuring Council's spending aligns with available funding over time and reflects agreed strategic priorities.
 Boosting revenue and driving efficiency	Exploring opportunities to diversify revenue sources and improve efficiency while maintaining service quality.
 Strengthening reserves	Building reserves to improve financial resilience and provide flexibility to respond to future challenges.
 Managing debt responsibly	Reviewing Council's approach to borrowing to reduce long-term financial pressure and ensure debt remains affordable and sustainable.
 Building a sustainable funding pipeline for capital works	Supporting ongoing investment in essential community infrastructure in a financially responsible way.

The 2026–27 Budget represents the practical, year-by-year application of the financial levers set out in the *Financial Sustainability Strategy*. It reflects deliberate choices about service levels, capital investment, reserves and funding priorities, recognising that improving financial sustainability requires a balanced and staged approach rather than reliance on any single measure in any one year.

Within this context, the 2026–27 Budget seeks to maintain essential services, prioritise affordable and risk-based capital investment, and manage Council's financial position prudently. It acknowledges that long-term sustainability will be achieved through a combination of actions over time, rather than reliance on any single financial lever.

Matters pending

The *2026–27 Budget* has been prepared based on information available at the time of its development. A number of matters material to Council's financial position remain subject to external processes, evolving economic conditions, or future Council consideration, reflecting known areas of uncertainty. Key matters with the potential to impact the final Budget and future budgets are outlined below.

Global Economic Conditions and Middle East Conflict

Council has prepared the *2026–27 Budget* in a period of heightened global economic uncertainty. Ongoing conflict in the Middle East has contributed to volatility in global energy markets, resulting in higher oil and gas prices, disrupted freight movements and increased supply chain risks. These conditions are placing upward pressure on transport, energy, construction materials and general service delivery costs across both Council's operating and capital budgets.

These pressures are largely external to Council's control and have the potential to affect the cost and timing of service delivery and capital works. While the scale, timing and duration of these impacts remain uncertain, Council is actively monitoring these risks as part of its financial and budget management processes.

Where cost increases were known at the time of preparing the *Budget*, contract prices have been factored in accordingly. Council continues to review contractual arrangements and emerging cost pressures as part of its ongoing financial management, forecasting and budget review processes.

Residential aged care

At its Ordinary Council Meeting on 24 February 2026, Council endorsed the commencement of consultation regarding its future role in the provision of residential aged care at Warrawee Community. This work responds to challenges identified through Council reporting and financial planning, including financial performance, increasing regulatory and workforce pressures, and the long-term sustainability of directly delivered service models.

The *Financial Sustainability Strategy* recognises that decisions about Council's service delivery role — particularly in complex and highly regulated service areas — have a material impact on Council's long-term financial position and must be considered alongside community outcomes, affordability and risk.

At its Ordinary Council Meeting on 9 June 2026, Council resolved to commence a market engagement process to identify a suitable operator for the Warrawee service. Operations will continue throughout this process, with any transition subject to maintaining continuity of care and appropriate staff support. Further reports will be presented to Council following completion of the procurement process.

Accordingly, the potential financial impacts associated with future options for Warrawee Community are not reflected in the *2026–27 Budget*. These impacts will be considered following completion of consultation and the market process and subject to Council decision, incorporated into future budgets as appropriate.

Summary of financial position

The following section presents the key financial outcomes of the 2026–27 Budget and demonstrates how Council’s financial results are consistent with the principles of the *Financial Sustainability Strategy*. It provides information on Council’s rates, operating result, cash and investments, capital works program, overall financial position and indicators of financial sustainability. Key highlights:

Item	2025–26 Forecast	2026–27 Budget
💰 Total Revenue	\$231.82 million	\$239.31 million
📉 Total Expenditure	\$223.90 million	\$235.03 million
✅ Operating Surplus	\$7.92 million	\$4.28 million
🏗️ Capital Works <i>(includes carry forward projects)</i>	\$26.88 million	\$36.45 million
🏠 Elsternwick Bowls Club Settlement	-	\$14.75 million

Operating Surplus

The budget operating surplus for 2026–27 is \$4.28 million, a decrease of \$3.64 million compared to the 2025–26 forecast. The 2025–26 result includes a Victorian Grants Commission Financial Assistance Grant prepayment, representing 80 per cent of the annual allocation (\$4.1 million), which inflates the reported surplus in that year.

By comparison, Council recorded an operating surplus of \$21.5 million in 2024–25; however, this result was also influenced by a number of one-off and non-recurring items and does not reflect a cash surplus or Council’s underlying operating performance. These included a Victorian Grants Commission prepayment, capital grants for specific infrastructure projects, and non-cash accounting adjustments relating to the Clayton Landfill.

Underlying result

The adjusted underlying result excludes non-recurrent capital grants, capital contributions and non-monetary contributions received to fund capital expenditure, as well as other one-off accounting adjustments. Removing these items provides a clearer view of Council's ongoing operating position by focusing on revenue and expenditure that recur year to year.

The adjusted underlying result for 2026-27 is expected to be a deficit of \$3.7 million. This is primarily due to the Victorian Grants Commission bringing forward 80 per cent of the 2026-27 Financial Assistance Grant (\$4.1 million) into the 2025-26 financial year, reducing revenue recognised in 2026-27.

The underlying deficit indicates that Council's recurrent operating revenue is currently insufficient to fully fund its ongoing operating expenditure once non-recurrent capital income is excluded. As such, the adjusted underlying result is a key indicator of financial sustainability, as it demonstrates the extent to which Council can meet its day-to-day operating costs without reliance on funding intended for capital works. Council continues to actively manage this position through disciplined budget settings, ongoing service reviews and longer-term financial planning to strengthen the sustainability of its operating position over time.

Cash result

Total cash and investments are forecast to decrease by \$14 million during the year, to \$57.7 million as at 30 June 2027. This reduction is largely related to the property settlement payment of Elsternwick Bowls Club of \$14.75 million. The acquisition is consistent with Council's adopted *Open Space Strategy* and supports the delivery of long-term community open space outcomes in an area of identified need.

Council is required to maintain sufficient cash to meet its obligations in relation to restricted assets. This includes statutory reserves (open space reserve) and grant funding held for specific purposes, refundable residential accommodation deposits associated with aged care services that must be managed in accordance with legislative requirements, and refundable deposits held as surety for contracts, building works and the use of civic facilities.

This position highlights the importance of Council's *Financial Sustainability Strategy*, particularly its focus on strengthening financial reserves and improving liquidity, to ensure adequate levels of unrestricted cash are available to support day-to-day operations and priority investment decisions over the longer term.

Liquidity

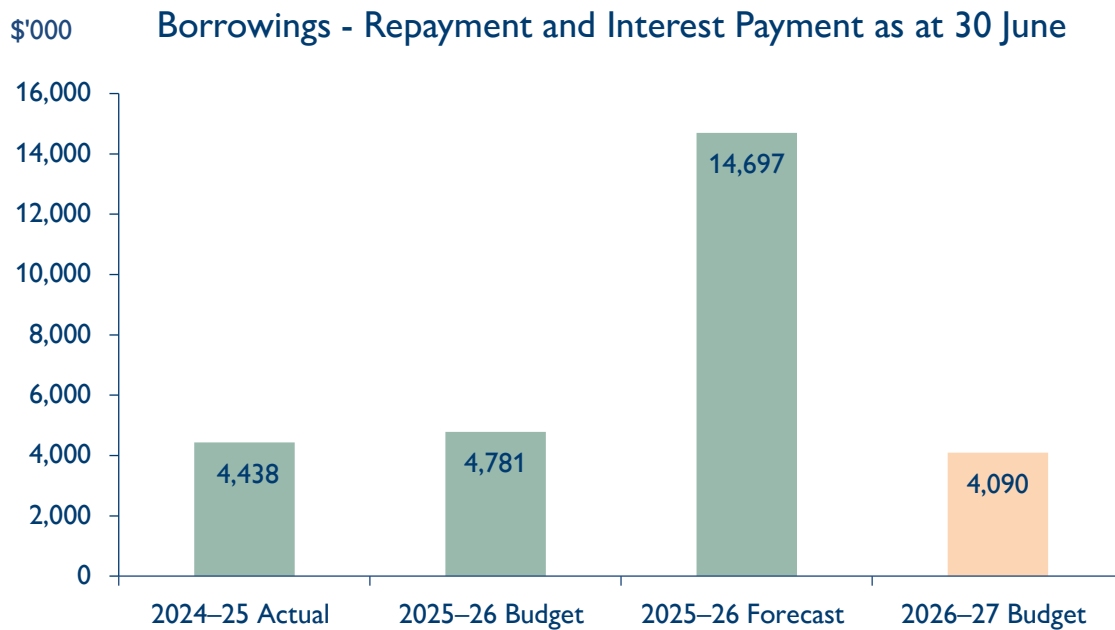

Council must maintain sufficient working capital and cash reserves to meet normal cash flow requirements, with investments managed in accordance with section 104 of the *Local Government Act 2020*.

Council's working capital ratio is forecast to remain above 100 per cent in both 2025-26 and 2026-27, indicating an adequate capacity to meet short-term obligations as they fall due. Over the medium to long term, Council should maintain a minimum working capital (liquidity) ratio of at least 150 per cent to ensure a strong buffer to support financial resilience and respond to unforeseen pressures. While working capital levels may fluctuate as cash reserves are utilised to fund the Capital Works Program, liquidity will continue to be actively managed.

This approach is consistent with Council's *Financial Sustainability Strategy*, particularly its focus on strengthening financial reserves and maintaining sufficient liquidity to support ongoing service delivery and priority investment decisions over the long term.

Borrowings and Debt Management

Rising tensions in the Middle East have led to increased borrowing costs, as concerns about potential disruptions to global energy supply place upward pressure on oil prices, add to inflationary pressures, and result in higher interest rates.

In this context, Council has recommended the early redemption of a \$10 million loan maturing in September 2026 during the 2025-26 financial year, and the establishment of a bank overdraft facility of \$10 million to support short-term cash flow management.

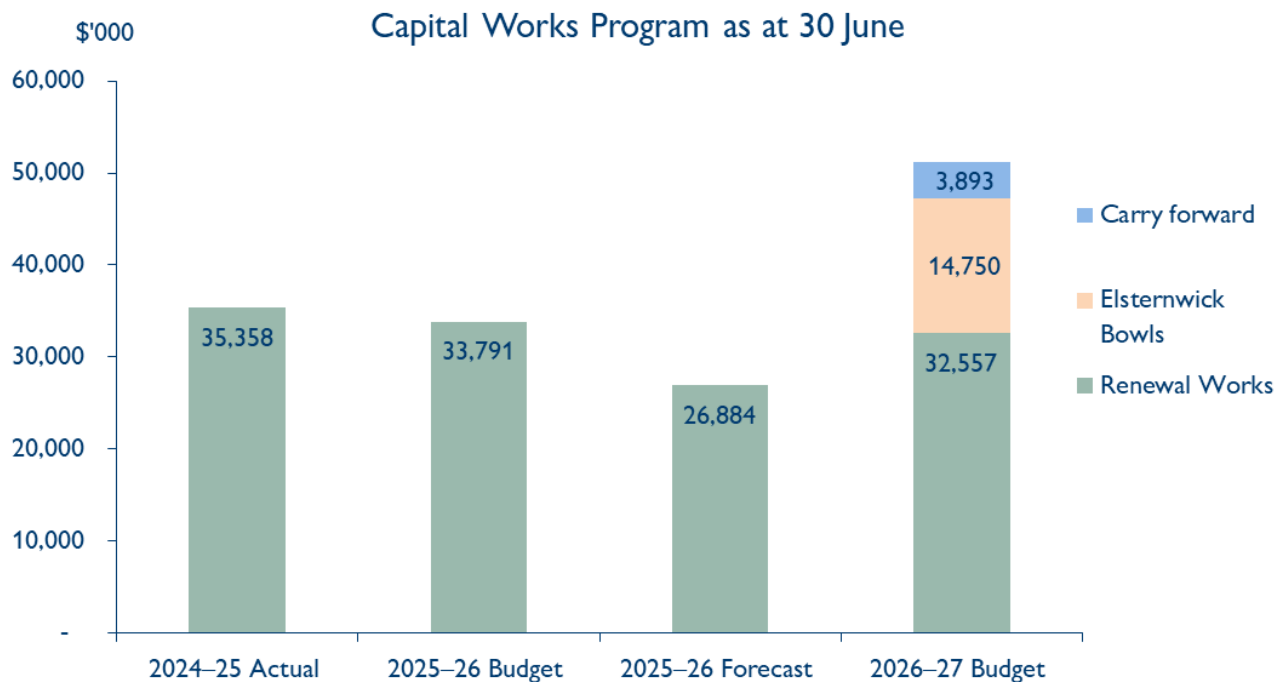

The overdraft facility operates under Council's existing loan arrangements and supports short-term cash flow needs, with interest payable only on amounts drawn.

Council is projected to hold \$45.3 million in loans as at 30 June 2027. These borrowings have been used to fund intergenerational capital works and environmental initiatives that deliver long-term community benefit, while ensuring costs are spread fairly over the useful life of the assets.

The 2026-27 Budget provides for loan principal repayments of \$2.3 million and interest payments of \$1.8 million, reflecting Council's commitment to managing debt in a planned, affordable and sustainable manner.

No new loan drawdowns are forecast for 2026-27, demonstrating a disciplined approach to debt management and a continued focus on maintaining borrowings at sustainable levels. This approach is aligned with the *Managing Debt Responsibly* financial lever of Council's *Financial Sustainability Strategy*.

Capital Works Program

The proposed 2026–27 Capital Works Program has been refined to focus on renewal works. The capital program totals \$36.45 million including \$3.89 million in carry-forward projects from 2025–26. This is in addition to the \$14.75 million settlement associated with the acquisition of the Elsternwick Bowls Club.

In the context of Council’s current financial position, the 2026–27 program is deliberately focused on renewal-first, priority asset works. Projects have been identified and prioritised using an evidence-based approach informed by asset condition data, risk assessments and lifecycle requirements. This approach is designed to protect existing infrastructure, ensure assets achieve their full useful life, and maintain affordability, while remaining aligned with Council’s strategic priorities.

Capital expenditure levels have been set to support initiatives identified in Council’s *Asset Management Strategy* and *Open Space Strategy*, with funding directed to the highest-need and highest-value renewal activities. Ongoing investment in core infrastructure and community facilities is required to ensure assets remain safe, functional and fit for purpose, while delivering the greatest benefit to the community within constrained capital parameters.

This renewal-focused approach is consistent with Council’s *Financial Sustainability Strategy*, particularly its emphasis on disciplined and sustainable capital investment, risk-based prioritisation, and the protection of long-term financial resilience.

Key areas of investment include:

- **Activity Centres (\$2.20 million)** — place-based improvements including *Better Streets* and *Better Places* works, streetscape upgrades, public realm enhancements, and planning activities that support safe, accessible, and vibrant activity centres.
- **Asset Renewal Program (\$17.39 million)** — The 2026–27 capital program is predominantly focused on the renewal of existing assets, with \$17.39 million invested across parks and open space, roads and drainage, buildings, leisure and aquatic centres, fleet and plant, IT infrastructure, and libraries. This investment supports asset condition, safety, accessibility, regulatory compliance, and the ongoing delivery of core community services.
- **Community Facilities (\$4.56 million)** — renewal and upgrade works across Mackie Road Reserve Pavilion, Bailey Reserve Softball Pavilion and Glen Huntly Pavilion.
- **Community Safety (\$2.22 million)** — intersection safety upgrades, pedestrian and school safety projects, shopping centre safety works, disabled parking upgrades, local traffic management improvements, and the cycling safety program.
- **Climate and Sustainability (\$6.19 million)** — transitioning Council facilities off gas and supporting emissions-reduction commitments, with \$5.9 million allocated to the *Getting Off Gas* project at GESAC, alongside energy-efficiency upgrades, solar projects and other sustainability initiatives.
- **Land Acquisition (\$14.75 million)** — settlement of the Elsternwick Bowls Club site, securing strategically important land in line with Council’s *Open Space Strategy* to increase access to open space and deliver long-term community, recreation, and environmental outcomes.

Refer to Appendix C for details of the Capital Works Program for 2026–27.

The following graph (excluding carry forwards), shows how Council’s capital works funding will be invested in 2026–27. Most funding is directed to renewing and maintaining existing infrastructure, ensuring roads, footpaths, parks and community spaces remain safe, accessible and fit for everyday use. Investment also supports climate and sustainability, community safety and activity centres, with land acquisition funding largely reflecting the purchase of the Elsternwick Bowls Club.

Climate Emergency

Council continues to respond to the climate emergency through delivery of the *Climate Emergency Response Strategy* and sustained investment in Glen Eira's Urban Forest. The *Urban Forest Strategy*, together with its implementation plans and programs, requires ongoing investment across multiple Council service areas to protect and grow tree canopy, improve biodiversity and strengthen climate resilience.

Council adopted Glen Eira's first *Urban Forest Strategy* in June 2021, and 2026 marks the five-year anniversary of the *Strategy*. In line with this milestone, Council will undertake a comprehensive review of the *Urban Forest Strategy* and Implementation Plan during 2026–27 to assess progress against adopted actions and targets and ensure the *Strategy* remains relevant and effective. This review aligns with the *Strategy's* requirement to assess progress every five years.

While the review will be a key strategic focus for 2026–27, Council will continue to deliver core urban forest activities, including implementation of the *Canopy Tree Local Law* and planning controls to protect private tree canopy, ongoing tree audits and condition surveys, community planting initiatives, and use of specialist systems to manage and monitor Council's tree assets.

Council's 2026–27 operating budget includes funding to support the maintenance and growth of the urban forest:

- \$550,000 for tree planting and replacement in streets and parks
- \$3.3 million for tree pruning and maintenance across Council-owned land
- \$723,000 for tree protection programs, including planning assessments and local law enforcement.

In parallel, Council is delivering actions under the *Climate Emergency Response Strategy 2025–2029* to reduce emissions, support a transition to a circular economy and help the community adapt to climate change. Funded programs include community sustainability education, renewable energy initiatives, waste reduction and recycling programs, support for local businesses to reduce emissions, partnerships with First Nations organisations, and activities that strengthen biodiversity, food security and community resilience.

Community safety

Council plays an important role in supporting community safety through strong partnerships, coordinated action and thoughtful design of our places. This includes working closely with community members, community organisations, and other levels of government to:

- design, improve and maintain safe and accessible public spaces
- deliver coordinated community safety initiatives and services
- provide education, advocacy and campaigns that promote respect, inclusion, and wellbeing.

Over the next financial year, Glen Eira City Council will focus on strengthening community safety and social cohesion through a coordinated program of actions aligned to Council's *Community Safety Framework*. This includes supporting collaboration, shared learning and coordinated responses to issues

impacting safety and inclusion, as well as delivering priority actions under Council’s *Antisemitism Strategy* to promote inclusion and social cohesion.

Council will also invest in practical measures to improve real and perceived safety across the municipality. This includes auditing security systems and lighting across Council owned buildings, facilities and key public spaces to identify priority upgrades, and redeveloping and launching the RESPECT campaign across Glen Eira Leisure facilities to promote respectful and safe environments.

In addition, Council will continue to improve safety in public spaces and along key movement routes through targeted infrastructure and planning initiatives. This includes lighting audits along walking routes near activity centres and train stations, footpath condition improvements, and working with schools to develop local traffic, parking and pedestrian movement plans with a focus on safety.

Together, these actions support safer neighbourhoods, encourage active travel and help ensure Glen Eira remains a place where people feel safe, welcome and connected.

The 2026–27 capital program includes over \$1.53 million for projects relating to road safety around schools, shopping centres, and residential areas to improve existing road infrastructure and provide a safer road environment for all users, i.e. pedestrians, cyclists, and motorists. Such projects include construction of new dedicated crossings, upgrades to existing roundabouts and the construction of splitter islands at t-intersections and raised intersection threshold treatments at the minor roads to provide effective crossings ensuring safety, accessibility, and efficiency for all road users.

Waste and recycling

Council’s policy is to levy waste and recycling charges on a full cost-recovery basis. This approach is consistent with that adopted by most Victorian councils and reflects the fact that waste charges sit outside the State’s rate cap framework.

For 2026–27, residential waste and recycling charges will increase by approximately 7.25 per cent, reflecting higher service delivery costs. These increases are primarily driven by fuel-related cost escalation impacting contracted waste and recycling services, arising from global economic conditions associated with the ongoing conflict in the Middle East. Where known, these cost increases have been incorporated into the *Budget* and will continue to be monitored through Council’s financial management and budget review processes. The residential waste and recycling charges applicable for 2026–27 are set out in the table below.

Type of Charge	Per	Per
	Rateable Property	Rateable Property
	2025–26	2026–27
	\$	\$
240 Litre Bin	690	740
120 Litre Bin	345	370
Flats Sharing 240 Litre Bin	345	370
Family 240 Litre Bin	345	370
Litter Management Charge	92	98
240 Litre Medical	345	370
Additional Recycling	75	80
Additional Green Waste	45	48

The Waste Levy component is estimated at \$102 for a 240-litre bin (a seven per cent increase from 2025–26) and \$51 for a 120-litre bin (an eight per cent increase). The *Budget* includes the waste levy charged by the Victorian Government on every tonne of waste sent to landfill.

To limit the impact of the waste levy and to fulfil Council’s commitment to deliver waste services sustainably and responsibly, Council continues to invest in education, litter prevention and waste reduction initiatives to support the community’s transition to a circular economy. These initiatives include the continuation of the best-practice reusable nappy program, support for improved recycling and resource recovery in multi-unit dwellings, and the delivery of community and at-home composting programs.

Footpaths

Council’s budget allocation for footpaths ensures the continuation of the critical footpath renewal program, which is developed as an outcome of Council’s four yearly condition inspection program and yearly proactive inspection program.

The allocation towards footpaths renewal has been increased to \$2.55 million. Current improvements in our asset management approach mean we can focus expenditure on higher priority footpaths, getting better value from our investment and increasing the overall condition of our footpaths.

This includes the planned removal of approximately 8,000 asphalt wedges, grinding program planning to remove approximately 20,000 minor deformities and the delivery of approximately 10,000 square metres of concrete works. This revised approach has seen an improvement in Council’s overall footpath condition and has increased our ability to respond promptly to any urgent footpath request in line with our obligations under the *Road Management Plan*.

Cycling infrastructure

The *Integrated Transport Strategy 2018-2031 (2024 refresh)* identifies the need for Council to improve safety for all road users including the vulnerable users such as people when riding bikes and support greener and healthier transport options. These needs directly align with *Council Plan 2025-2029* strategic objectives in safety and wellbeing, access to places and sustainability.

Following the *Strategy* and the *Council Plan*, we will continue to deliver infrastructure treatments and work with the community to encourage more people to ride bikes, including by partnering with schools and not-for-profit organisations.

Funding of \$584k has been included in the 2026–27 *Capital Works Program* to implement initiatives.

Public open space

Council collects a Public Open Space contribution when land is subdivided within the municipality. This requirement is set out in the Glen Eira Planning Scheme (Clause 53.01) and is typically 8.3 per cent, except in areas such as Caulfield Village and East Village, where more specific rates apply.

The Public Open Space contribution is calculated based on the site value. Funds collected are used to purchase land for new public open spaces—such as parks, playgrounds and reserves—or to

improve existing open space areas. For the 2026–27 financial year, open space expenditure has been budgeted at \$5 million to support priority projects identified through Council's *Open Space Strategy* and delivered via the Capital Works Program.

Property valuation

From 1 July 2018, the Valuer-General is the sole valuation authority for all municipal districts to undertake general and supplementary property valuations annually. Previously valuations were conducted every two years.

Rate increases are impacted by both the average rate increase and the relative change of an individual property's value when compared to others across the municipality. For 2026–27, the actual rate increase applicable to a property may therefore be either less or more than the rate cap based on whether the value of the property has changed at the same or lesser rate than the average across Glen Eira.

Rates are redistributed according to the shift in property values that have occurred in different parts of the municipality. Some ratepayers may experience a change in their rates depending on the type of property they own, where it is located and how its value has moved 'relative to the average'. Therefore, if your property increases by more in value than the average within the municipality, your rates will increase by more than the rate cap. And by the same token if your property value increased by less than the average, your rates will increase by less than rate cap and may in fact be reduced from the previous year.

Pensioner rebate

The Victorian State Government provides an annual pensioner concession equal to 50 per cent of general rates, capped at \$272.70 per eligible assessment. In 2026–27, Council is increasing its own pensioner rates rebate from \$4 to \$20 per eligible assessment, recognising ongoing cost-of-living pressures faced by pensioners and providing additional support. This brings the maximum total rates rebate to \$292.70 per eligible pensioner assessment.

In addition, eligible pensioners receive a \$50 rebate on the *Emergency Services and Volunteers Fund*, which is fully funded by the Victorian State Government. Eligible concession cards include a Pensioner Concession Card and a Department of Veterans' Affairs Gold Card.

Superannuation defined benefits

By law, defined benefit superannuation plans must be independently reviewed by an actuary at least once every three years, with Vision Super also checking the plan's financial position every quarter. The key measure used by the superannuation regulator (APRA) is the Vested Benefits Index (VBI), which shows whether the plan has enough assets to pay all members their full entitlements if they were due at a particular point in time. A VBI above 100 per cent indicates a strong financial position and a lower risk of additional funding being required in the future. As at 30 December 2025, the Plan's VBI was 111.4 per cent, indicating a sound and stable position.

Budget influences

The *Budget* covers the period 2026–27 to 2029–30 and has been prepared in the context of a challenging and evolving financial environment. In developing the 2026–27 *Budget*, Council has carefully considered a range of external influences that affect its financial capacity, cost base and service delivery obligations. These influences include regulatory and policy settings determined by other levels of government, broader economic conditions, industry specific cost pressures and factors beyond Council's direct control. Together, these external influences shape Council's ability to balance affordability for the community with the need to maintain services, invest in infrastructure and ensure long term financial sustainability.

Key external influences considered in the preparation of the *Budget* are outlined below.

External influences

- **Fair Go Rates System** — The Victorian State Government's *Fair Go Rates System* continues to constrain Council's revenue growth by capping annual rate increases. Council submitted a rate cap variation application for one-year capped rate increase by 2.25 per cent above the Victorian Government's 2.75 per cent cap, allowing a total increase of five per cent. The Essential Services Commission has approved this increase for 2026–27 for Council to respond to rising costs and increasing service demand.
- **Inflationary pressures** — Inflation was already too high before the Middle East conflict and increased fuel prices have pushed it up further. CPI is expected to be significantly higher this year and likely to take some time to return to the target range (two to three per cent). (Reserve Bank of Australia, Statement on Monetary Policy – May 2026). These conditions continue to place upward pressure on Council's operating costs within a constrained revenue environment.
- **Waste disposal and environmental regulation** — Waste disposal costs continue to rise due to *Environment Protection Authority* (EPA) regulatory requirements relating to both current and historical landfill sites. Costs are also affected by industry changes, including increases in EPA waste levies and the negotiation of waste and recycling contracts. Since July 2020, the Victorian Government's Waste Levy has increased from \$66 to \$170 per tonne, representing a 157 per cent increase.
- **Cost shifting from other levels of government** — Cost shifting continues to place significant financial pressure on Council, with an estimated total impact exceeding \$18 million. This occurs where responsibilities for delivering services or infrastructure are transferred to local government without sufficient funding. Services affected include school crossing supervision, library services and Maternal and Child Health, creating ongoing challenges in maintaining service levels within a rate capped environment.
- **Global economic conditions** — Ongoing conflict in the Middle East has contributed to higher oil and gas prices, disrupted freight movements, and increased supply chain risks. These factors are contributing to higher costs for transport, energy, construction materials, and general service delivery, placing additional pressure on Council's operating and capital budgets.
- **Withdrawal of government funding** — The continued withdrawal of funding from Australian and Victorian Government programs, together with the transfer of service delivery

responsibilities to local government, has increased cost pressures on Council. As a result, a greater proportion of the cost of some services is being recovered from the community through rates and service charges.

- **Financial Assistance Grants** — The largest source of government funding to Council is the annual allocation from the Victorian Grants Commission, which is funded through the Federal Government’s Financial Assistance Grant.
- **Asset ownership and renewal obligations** — Councils are responsible for maintaining more than 30 per cent of Australia’s public assets, including roads, bridges, parks, footpaths, and public buildings. A considerable proportion of Council’s income must therefore be directed toward asset maintenance and renewal to ensure infrastructure remains safe and fit for purpose.
- **Emergency Services and Volunteer Fund** — Council collects the *Emergency Services and Volunteer Fund* on behalf of the State Government, replacing the *Fire Services Property Levy*. Amounts collected are passed through to the State Government and are excluded from Council’s financial position.
- **Defined Benefit Superannuation Scheme** — The *Defined Benefit Superannuation Scheme* for pre-1993 employees continues to meet prudential requirements. Current actuarial indicators suggest that additional calls on local government are not expected in the next 12 months.
- **Construction cost escalation** — Construction cost escalation has been substantial in recent years, increasing the cost of new and renewal capital projects. The ABS construction index shows costs accelerating from 2019–20 and peaking at approximately nine per cent in 2023–24, before moderating thereafter. This has placed sustained pressure on Council’s capital budgets, reducing the affordability of planned works and constraining project delivery within existing funding levels.
- **Government budget impacts** — The release of the Victorian Government Budget, together with the already announced Federal Government Budget, may have implications for local government funding and programs.
- **Urban consolidation and infrastructure pressure** — Glen Eira is a largely built-out municipality, with growth occurring mainly through higher-density development. This places pressure on existing infrastructure, such as drainage systems, which may require upgrading. These costs are not always recoverable from developers and are funded through rates, with revenue from new dwellings often insufficient to offset the full cost of infrastructure replacement.
- **Planning Legislation Changes** — Recent amendments to State Government planning legislation, reflected in changes to the *Glen Eira Planning Scheme*, have resulted in a greater proportion of applications being assessed under the VicSmart pathway. While these applications require a similar level of assessment, VicSmart applications attract significantly lower statutory fees, with fees for equivalent application types decreasing by approximately 72 per cent. This has reduced the average fee per application and has been factored into Council’s projected planning application income.

Internal influences

As well as external influences, there are a number of internal influences which are expected to impact the 2026–27 *Budget*. These include:

- **Financial Sustainability Strategy implementation** — Continued implementation of Council’s *Financial Sustainability Strategy*, including the progression of initiatives designed to strengthen Council’s long-term financial sustainability and resilience.
- **Asset maintenance and renewal costs** — Ongoing costs associated with maintaining Council’s infrastructure assets to an acceptable standard, ensuring they remain safe, functional, and fit for community use throughout their life cycle.
- **Future Enterprise Agreement negotiations** — The potential financial impact of Enterprise Agreement negotiations beyond the current agreement term (1 July 2025 to 30 June 2028), which may place additional pressure on Council’s operating expenditure.
- **Depreciation growth** — Increases in depreciation arising from the revaluation of Council’s infrastructure assets and the capitalisation of completed capital works projects.
- **Expenditure escalation assumptions** — Application of realistic expenditure escalation assumptions, with consideration given to relevant price indices where appropriate, to reflect prevailing market and cost conditions.
- **Climate emergency response** — Responding to Council’s declaration of a climate emergency through the delivery of associated work programs, which will require increased and ongoing investment.
- **Digital and Technology investment** — Continued investment in Council’s *Digital and Technology Program* to support operational efficiencies, strengthen systems and deliver improved customer outcomes.

Budget principles

In response to these significant influences, the 2026–27 *Budget* has been prepared in accordance with the principles of Council’s *Financial Sustainability Strategy*. The *Budget* reflects a disciplined and considered approach to financial decision-making, balancing affordability for the community with the need to maintain service levels, invest in critical infrastructure and strengthen Council’s long-term financial sustainability. The key principles applied in preparing the *Budget* are outlined below:

- **Fees and charges** — Existing fees and charges are generally increased in line with the Consumer Price Index or relevant market levels, where appropriate. Changes reflect service delivery costs and benchmarking against comparable providers. Affordability and equity considerations are taken into account, particularly where services deliver broader community benefit.
- **Grant funding assumptions** — Grant revenue is based on confirmed funding levels only.
- **Revenue opportunities** — New revenue sources are identified where possible, consistent with Council policy and community expectations.

- **Service levels and efficiency** — Service levels are maintained at 2025–26 levels, with a focus on using fewer resources where possible and placing greater emphasis on innovation and efficiency.
- **Use of contract labour** — The use of contract labour is minimised wherever possible, except where required to respond to unexpected demand or to meet regulatory requirements and Council’s statutory responsibilities.
- **New initiatives and projects** — New initiatives or projects that are not cost-neutral are required to be supported by a business case. Business cases must clearly articulate the financial impacts, funding source, risks and expected benefits, including impacts over the forward estimates.
- **Prior year savings** — Real savings in expenditure and increases in income identified in 2025–26 are preserved.
- **Operating result** — The *Budget* is prepared to achieve and maintain operating surpluses to support Council’s long-term financial sustainability.
- **Cash reserve adequacy** — Cash reserves are maintained at levels sufficient to meet Council’s obligations, including residential aged care accommodation deposits.
- **Asset renewal funding** — Funding is prioritised to meet asset renewal and priority requirements and protect the condition, safety and performance of existing assets.
- **Capital works focus** — In 2026–27, the capital program is focused on asset renewal and priority works, reflecting Council’s current financial position and funding capacity. Premium and strategic projects will be considered separately through the Strategic Asset Reserve, consistent with the *Financial Sustainability Strategy* and its focus on strengthening reserves and maintaining a sustainable capital funding pipeline.

Long-term strategies

The *Budget* has been prepared within a long-term strategic and financial management framework to support sound decision-making and maintain financial sustainability. In developing the *Budget*, Council has considered a range of adopted strategies and contextual information. These guide how resources are allocated over time and ensure alignment between short-term decisions and long-term objectives.

The *Budget* has been prepared in accordance with Council’s *Financial Sustainability Strategy*, which provides the overarching framework for ensuring long-term financial resilience. The *Strategy*’s financial levers have been applied to support balanced budgets, sustainable revenue, prudent reserve management and disciplined capital investment. Council’s *Financial Plan 2025–2035* and *Revenue and Rating Plan 2025–2029* are developed and implemented within this framework, guiding Council’s long-term capacity to fund services and infrastructure and establishing principles for revenue generation in a fair, transparent and sustainable manner.

The *Budget* is further informed by Council’s broader integrated planning framework, including the *Council Plan 2025–2029* and *Annual Action Plan 2026–2027*, the *Asset Plan 2025–2035* and *Asset Management Strategy*, the *Open Space Strategy*, the *Climate Emergency Response Strategy 2025–2029*, and other long-term strategies that guide service delivery, asset renewal, climate response, digital transformation and community outcomes. Together, these strategies provide the strategic context for

the *Budget*, ensuring that financial decisions support Council’s long-term vision, manage risk responsibly and remain affordable for the community over time.

1. Link to the Integrated Strategic Planning and Reporting Framework

This section outlines how the *Budget* supports the achievement of the *Glen Eira 2040 Community Vision* and the *Council Plan 2025–2029* within Council’s integrated strategic planning and reporting framework.

Council takes an integrated approach to planning, guided by the *Glen Eira 2040 Community Vision*. This Vision reflects what our community values most — inclusivity, sustainability, wellbeing, creativity and connectedness — and articulates what people want Glen Eira to become over time.

The Integrated Strategic Planning and Reporting Framework guides Council’s work and ensures that all strategies and plans align with the *Community Vision* and the *Council Plan*. Through this framework, Council identifies community needs and aspirations, plans how those needs will be met, and reports on progress and outcomes in a transparent and accountable way.

The Framework brings together Council’s long-term plans, including the *Community Vision*, *Financial Plan* and *Asset Plan*; medium-term plans, including the *Council Plan*, *Workforce Plan* and *Revenue and Rating Plan*; and short-term plans, including the *Budget*. Council is held accountable for delivery through regular performance reporting and the *Annual Report*.

Council’s resourcing strategies provide further detail on the financial resources (*Financial Plan* and *Budget*), physical assets (*Asset Plan*) and workforce (*Workforce Plan*) required to deliver essential services and progress Council’s strategic objectives. This integrated approach ensures Council’s plans are aligned, mutually reinforcing, and focused on delivering meaningful outcomes for the Glen Eira community.

1.1 Legislative planning and accountability framework

The *Budget* is a rolling four-year plan that outlines the financial and non-financial resources Council requires to achieve the strategic objectives set out in the *Council Plan*. The diagram below illustrates the Integrated Strategic Planning and Reporting Framework that applies to local government in Victoria.

At each stage of the Framework, there are opportunities for community and stakeholder input. This supports transparency and accountability to residents and ratepayers.

The timing and alignment of each component of the Integrated Strategic Planning and Reporting Framework is critical to the successful delivery of Council’s planned outcomes.

Integrated Planning and Reporting Framework

1.2 Key planning considerations

Service level planning

While Council has a legal obligation to deliver certain services — such as animal management, local roads, food safety and statutory planning — many other services delivered by Glen Eira City Council are not legally mandated, including libraries, building permits and sporting facilities. Over time, community needs and expectations also evolve.

In response, Council undertakes structured service planning and service reviews to ensure services continue to deliver value for money and align with community priorities. This includes engaging with the community to inform decisions on how resources are prioritised and how service provision is balanced with other responsibilities, such as asset maintenance and capital works investment.

Community consultation needs to be in line with a council’s adopted *Community Engagement Policy* and *Public Transparency Policy*.

Our vision sets the long-term direction for how Council plans, prioritises and delivers services for the Glen Eira community:

Our vision:

- ‘Our Glen Eira: A thriving and empowered community working together for an inclusive and sustainable future.’

Our purpose — ‘Glen Eira City Council works with and for the community’:

- to provide quality facilities, services, safeguards and supports;
- towards goals that are beyond the capacity of individuals, but achievable when working together;
- according to overall community values, needs and priorities;
- in a caring, accountable and professional manner; and
- to provide value-for-money for present and future generations.

Our functions:

- Advocating and promoting proposals in the best interests of the community;
- Planning and providing community services and facilities;
- Providing and maintaining community infrastructure in the municipal district;
- Conducting strategic and land use planning;
- Raising revenue to allow us to perform our functions;
- Making and enforcing local laws;
- Performing our duties, functions and powers under the Local Government Act 2020 and other Acts; and
- Other functions related to the peace, order and good government of the municipal district.

Our guiding values:

Our guiding values are vital in directing how we make decisions and work with others, as well as how we provide access to services and resources. Our guiding values work on three key elements.

Community focused, responsive and inclusive

We want you to help us achieve the best possible health, safety and lifestyle for the City. That's why we're focused on developing a tolerant and caring community where you can take part in our decision-making.

Accountable and relevant leadership

Our leadership strives for a transparent process that creates financially responsible and environmentally sustainable outcomes. We'll consult with the best experts and listen to your views to decide on the City's priorities. We'll also innovate to ensure we set our services against recognised benchmarks.

Community wellbeing

With an increasingly diverse community, we treat all people with respect and dignity, providing equal access to services and resources. We'll also find gaps not being met by other community providers or levels of government, and lift standards within the constraints of our resources.

1.3 Council Plan and Strategic objectives

Adopted by Council on 28 October 2025, the Glen Eira *Council Plan 2025–2029* is Council's overarching strategic plan and sets the direction for how Council will work with and for the community over the four-year Council term. It outlines the outcomes Council seeks to achieve and provides the foundation for decision-making, service delivery and investment in infrastructure.

The *Council Plan* responds directly to the *Glen Eira 2040 Community Vision*, developed through extensive community engagement, which articulates the shared aspiration for *Our Glen Eira: a thriving and empowered community working together for an inclusive and sustainable future*. It reflects the voices, priorities and lived experiences of people who live, work and play in Glen Eira, and is a plan for the whole community.

The *Council Plan* is structured around four strategic directions that articulate Council's long-term vision and guide its work and investment over the four-year period. These directions reflect community priorities and provide a clear line of sight between strategic intent, annual actions and resource allocation. These directions focus on:

Council's Four Strategic Directions

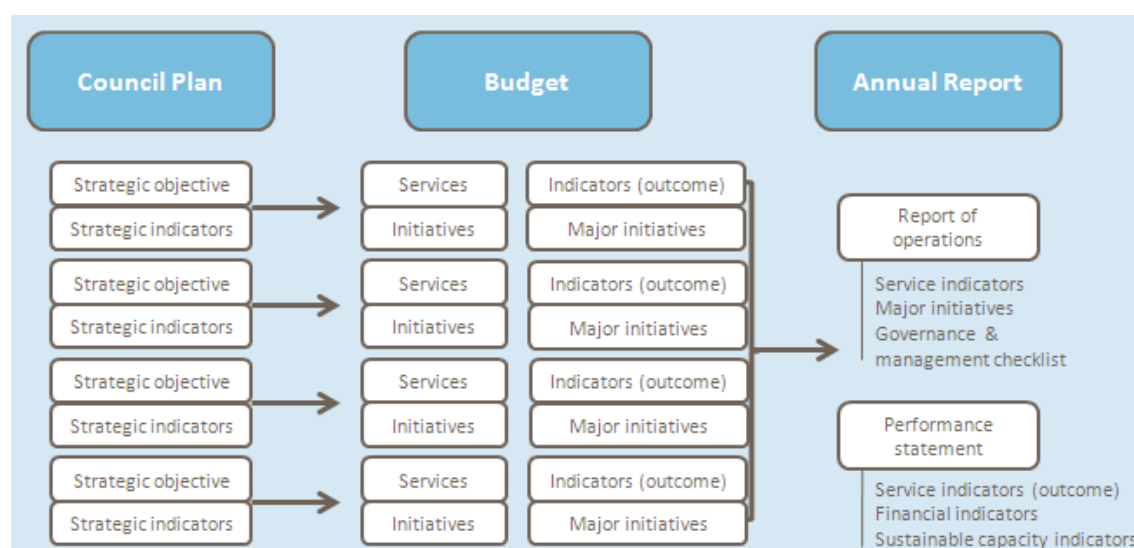

- **Community safety and wellbeing**, supporting a safe, connected and healthy community
- **Diverse and welcoming places**, creating accessible, inclusive and vibrant neighbourhoods
- **Environmental stewardship**, taking practical action to protect and enhance the natural environment
- **Innovation and financial sustainability**, ensuring Council manages resources responsibly and remains financially resilient over the long term.

The *Budget* and *Council Plan Action Plan* translate these strategic directions into practical outcomes each year. The *Action Plan* identifies the specific actions Council proposes to deliver in the year ahead, while the *Budget* allocates the resources required to deliver those actions and maintain essential services and infrastructure. The *2026–27 Budget* and *Council Plan Action Plan* build on the *Council Plan* foundation, progressing Council’s long-term commitments while responding to current community needs, service demands and financial considerations.

2. Services, initiatives and service performance indicators

This section provides a description of the services and initiatives to be funded in the *Budget* for the 2026–27 year and how these will contribute to achieving the strategic outcomes outlined in the *Council Plan 2025–2029*. It also describes several initiatives and service performance outcome indicators for key areas of Council’s operations. Council is required by legislation to identify major initiatives and service performance outcome indicators in the *Budget* and report against them in its *Annual Report* to support transparency and accountability.

In accordance with legislative requirements, Council must identify major initiatives and service performance outcome indicators in the *Budget* and report against them in the *Annual Report*. The relationship between these accountability documents and the *Council Plan* is illustrated below.

Source: Department of Government Services

2.1 Major initiatives

The *Council Plan Action Plan* for 2026–27 has been developed within the framework of the *Council Plan 2025–2029*. The major initiatives identified in the *Action Plan* represent Council’s key priorities for the year ahead.

Progress against these major initiatives will be reported in the *Annual Report* through a statement of progress included in the Report of Operations.

The major initiatives identified by Council as priorities in the *Council Plan Action Plan* for 2026–27 include:

Community safety, cohesion, health and wellbeing

- Implement **Antisemitism Strategy**

Diverse, welcoming and accessible places

- Adopt **Community Infrastructure Plan**
- Build **Mackie Road Reserve pavilion**

Environmental stewardship

- Deliver new **Urban Forest Strategy** incorporating *Biodiversity Plan*
- Keep **Getting Off Gas** across Council facilities

Innovative and financially sustainable

- Continue delivering **Financial Sustainability Strategy**
- **Deliver State election** advocacy campaign

2.2 Performance statement

The service performance indicators detailed in the following pages will be reported on in the performance statement which is prepared at the end of the year as required by Section 94 (2)(d) of the *Local Government Act 2020* and included in the *2026–27 Annual Report*. The performance statement will also include reporting on prescribed indicators of financial performance and sustainable capacity.

The prescribed performance indicators contained in the performance statement are audited each year by the Victorian Auditor-General who issues an audit opinion on the performance statement. The major initiatives detailed in the *Action Plan*, will be reported in the *Annual Report* in the form of a statement of progress in the report of operations.

Service performance outcome indicators

The following table outlines Council's service performance outcome indicators, which will be reported in the Performance Statement and included in the *2026–27 Annual Report* in accordance with the requirements of the *Local Government Act 2020*.

Domain	Indicator	Performance Measure	Computation
Governance	Community engagement	Satisfaction with the opportunities offered by Council to be consulted on or engaged in Council decisions (community satisfaction rating out of 100 with the consultation and engagement efforts of Council)	Community satisfaction rating out of 100 with how Council has performed on community consultation and engagement
	Financial decisions	Total unpaid rates and charges (total unpaid rates and charges and unpaid interest on rates and charges for all financial years as a percentage of all rates and charges for the financial year)	[Sum of unpaid rates and charges and unpaid interest on rates and charges for all financial years / Sum of all rates and charges for the financial year] x100
Community	Library services	Library membership (Percentage of the population that are registered library members)	[Number of registered library members / Population] x100
	Maternal and child health services	Participation in the MCH service (Percentage of children enrolled who participate in the MCH service)	[Number of children who attend the MCH service at least once (in the financial year) / Number of children enrolled in the MCH service] x100
		Participation in the MCH service by Aboriginal children (Percentage of Aboriginal children enrolled who participate in the MCH service)	[Number of Aboriginal children who attend the MCH service at least once (in the financial year) / Number of Aboriginal children enrolled in the MCH service] x100
Environment	Roads	Sealed local roads below the intervention level (percentage of sealed local roads that are below the renewal intervention level set by Council and not requiring renewal)	[Number of kilometres of sealed local roads below the renewal intervention level set by Council / Kilometres of sealed local roads] x100
	Waste management	Kerbside collection waste to landfill per serviced property (amount of waste collected from kerbside waste collection services that is sent to landfill per serviced property)	Amount of waste in tonnes (t) collected from kerbside waste collection services that is sent to landfill / Number of serviced properties

Domain	Indicator	Performance Measure	Computation
Responsiveness	Food safety	Critical and major non-compliance outcome notifications. (Percentage of critical and major non-compliance outcome notifications that are followed up by Council)	[Number of critical non-compliance outcome notifications and major non-compliance outcome notifications about a food premises followed up / Number of critical non-compliance outcome notifications and major non-compliance outcome notifications about food premises] x100
	Statutory planning	Planning applications decided within the relevant required time (percentage of regular and VicSmart planning application decisions made within the relevant required time)	[Number of planning application decisions made within 60 days for regular permits and 10 days for VicSmart permits / Number of planning application decisions made] x100
Cost	Library services	Cost of library services (direct cost of library services per head of population)	Direct cost of library services / Population
	Waste management	Cost of kerbside waste collection services (direct cost of kerbside waste collection services per serviced property)	Direct cost of kerbside waste collection services / Number of serviced properties

2.3 Council services and financial information

Council delivers a wide range of services that support the wellbeing, safety, and liveability of the Glen Eira community. These services give effect to the *Council Plan* and translate strategic priorities into practical outcomes for people who live, work, and visit Glen Eira.

For planning, budgeting, and reporting purposes, Council’s activities are organised into a structured service framework comprising three programs, 31 services and 120 sub-services. This framework provides a clear and consistent way to describe what Council delivers and how resources are allocated across the organisation. Each service represents a distinct area of Council activity, with sub-services providing further detail on the specific functions delivered. This approach supports transparency by clearly linking service delivery with the resources required to support it.

The financial information below shows how Council’s resources are allocated across programs, services and sub-services, linking service descriptions with financial data and demonstrating how the *Budget* supports delivery of the *Council Plan Action Plan* and the maintenance of essential services.

Financial Information by Service

Program One — Our Council

Services area	Description of services provided		2024–25 Actual \$'000	2025–26 Forecast \$'000	2026–27 Budget \$'000
Your enquiries and requests	Our Service Centre responds to enquiries and requests received by telephone, in person at the Town Hall, via the website, email and other online methods.	<i>Income</i>	-	0	-
		<i>Expenditure</i>	2,795	2,493	2,749
		Surplus / (deficit)	(2,795)	(2,493)	(2,749)
Venue management and hire	Manages Council venues and facilities such as meeting rooms, halls, pavilions, multipurpose courts and rotundas that are available for the community to hire.	<i>Income</i>	951	786	842
		<i>Expenditure</i>	1,367	1,158	1,067
		Surplus / (deficit)	(416)	(372)	(226)
Your rates	Collects rates from the owners of 72,000 properties in the City of Glen Eira so that we can fund and deliver infrastructure and services. Calculates how much each property owner pays in rates based on property values. Applies pensioner rebates for eligible ratepayers and offers hardship support, including flexible payment arrangements, to assist residents experiencing financial hardship.	<i>Income</i>	115,511	120,231	126,613
		<i>Expenditure</i>	1,725	1,626	1,700
		Surplus / (deficit)	113,786	118,605	124,913
Council decisions	Supports our nine elected Councillors, including the Mayor and Deputy Mayor to perform the duties of their roles. Provides governance support, ensuring Council meetings where our Councillors make decisions are managed effectively. Advocates to the Australian and Victorian Governments on behalf of the Glen Eira community by working closely with our local Members of Parliament to address the issues that affect our shared communities. Engages and consults with our community to ensure local people, businesses and other stakeholders are well informed about Council decisions and able to provide their input and feedback on decisions that impact them. Reports transparently on Council decisions and performance in our Performance Reports and Annual Report.	<i>Income</i>	229	196	-
		<i>Expenditure</i>	3,754	2,656	2,895
		Surplus / (deficit)	(3,525)	(2,460)	(2,895)
Council news and information	Manages Council's reputation and issues management, strategic communications, digital communications, publications, brand and graphic design, media relations and content, including its websites, social media, and publications such as the monthly Glen Eira News.	<i>Income</i>	-	-	-
		<i>Expenditure</i>	2,037	2,024	2,132
		Surplus / (deficit)	(2,037)	(2,024)	(2,132)
Our organisation	Internal functions that lead and ensure the effective operation and continuous improvement of our organisation. Defines our strategies, manages risk, ensures strong governance and compliance with relevant laws. Provides the digital systems and technology we need to communicate and manage information. Manages a workforce of over 1,400 employees (equivalent to almost 710 full time positions) and an annual operating budget of over \$200 million and assets valued at \$3 billion.	<i>Income</i>	471	380	389
		<i>Expenditure</i>	36,669	38,767	39,085
		Surplus / (deficit)	(36,198)	(38,387)	(38,697)
Total of Program One - Our Council		Surplus / (deficit)	68,816	72,869	78,213

Program Two — Our Community

Services area	Description of services provided	2024–25	2025–26	2026–27	
		Actual \$'000	Forecast \$'000	Budget \$'000	
Business Community	Supports new or growing businesses through permits and approval processes and provides business networking and mentoring opportunities. Develops plans to enhance our local economy and activity centres.	Income	1	-	-
		Expenditure	454	595	608
		Surplus / (deficit)	(453)	(595)	(608)
Children's services	Provides education and care services and community activities for children and their parents to increase social connections and create learning opportunities.	Income	1,410	1,417	1,270
		Expenditure	2,478	2,667	2,719
	Provides professional development opportunities for early years services.	Surplus / (deficit)	(1,068)	(1,251)	(1,449)
Community Support	Develops plans to strengthen the health and wellbeing of our communities and groups. Administers grants to support not-for-profit community groups and organisations to deliver projects and activities that benefit the Glen Eira community, providing meaningful social impact and responding to community need. Delivering community, volunteer and business awards program, increasing community capacity, engagement and acknowledgement.	Income	-	-	-
		Expenditure	1,474	1,922	2,429
		Surplus / (deficit)	(1,474)	(1,922)	(2,429)
Culture and celebration	Delivers cultural programs including visual arts activity and exhibitions, indoor and outdoor events, concerts and festivals, history and heritage activities and services; our services aim to encourage community participation in the arts, celebration, civic events and opportunities for community connections.	Income	23	97	36
		Expenditure	1,716	2,312	2,245
		Surplus / (deficit)	(1,693)	(2,215)	(2,210)
Glen Eira Leisure	Manages three facilities: Glen Eira Sports and Aquatic Centre (GESAC), Carnegie Memorial Swimming Pool and Caulfield Recreation Centre. GESAC provides sport, leisure and wellbeing activities including warm water therapy, learn-to-swim classes, swimming, stadium sports, gym and group exercise classes. The redeveloped Carnegie Memorial Swimming Pool was open in early 2025. Caulfield Recreation Centre has a variety of health and fitness programs to suit all fitness levels.	Income	19,028	21,950	23,132
		Expenditure	19,024	20,822	21,877
		Surplus / (deficit)	4	1,128	1,255
Immunisation	Administers free essential vaccinations under the National Immunisation Program to protect eligible people against a range of diseases at all ages and stages of life. This includes vaccinations to babies and children; young people in secondary schools; refugee and asylum seeker communities; and those eligible for free influenza immunisation.	Income	91	100	105
		Expenditure	507	542	567
		Surplus / (deficit)	(415)	(442)	(462)
Glen Eira Libraries	Our Libraries provide opportunities for learning, literacy, digital resources, and creativity for the community; visitors can read, browse and borrow, feel connected, work or study; connect through technology; and participate in our programming. GE Libraries provide a wealth of online resources with sites located at Elsternwick, Caulfield, Carnegie and Bentleigh, with books for all ages and interests, e-resources, DVDs, magazines and more.	Income	1,075	1,079	1,043
		Expenditure	5,622	5,579	5,827
		Surplus / (deficit)	(4,547)	(4,500)	(4,784)
Maternal and child health	Works in partnership with families to care for babies and young children until they start school. The service is free for families and includes visits at ten key ages and stages of a child's development with the focus on optimising child and family health wellbeing, safety, learning and development.	Income	1,561	1,502	1,500
		Expenditure	3,184	3,366	3,650
		Surplus / (deficit)	(1,623)	(1,863)	(2,150)

Program Two — Our Community (Continued)

Services area	Description of services provided		2024–25	2025–26	2026–27
			Actual \$'000	Forecast \$'000	Budget \$'000
Pets and animals	Maintains a register of 6,500 cats and 11,000 dogs and helps to ensure responsible pet ownership. Responds to and investigates animal and pet concerns including reports of lost or stray animals, and nuisance or problem animals.	Income	1,205	1,149	1,142
		Expenditure	1,193	1,090	1,128
		Surplus / (deficit)	12	59	14
Public health and safety	Manages regulatory functions that support a safe and healthy community. Upholds Council's Local Law. Delivers public health services to ensure the safety of food, health and accommodation businesses. Processes appeals for local laws infringements, planning enforcement and parking fines.	Income	2,843	2,130	2,153
		Expenditure	1,833	1,888	2,099
		Surplus / (deficit)	1,010	242	53
Seniors' support	Provides a broad range of services that support healthy ageing for our older residents to live and age well, and remain connected. Services include: Facilitating services for older residents to remain in their homes; Low-cost rental accommodation for financially disadvantaged older persons in Glen Eira through our 64 independent living units across three sites; Advocacy, navigation and information to access aged care services; Senior citizen centres, including Moorleigh Village, to promote and encourage social engagement and activities among older adults; Facilitating activities to foster community participation and connection; and carer's support.	Income	7,082	6,547	6,693
		Expenditure	10,974	8,875	8,500
		Surplus / (deficit)	(3,892)	(2,328)	(1,807)
Residential aged care	Provides accommodation and lifestyle choices for residents at Warrawee Community. Eligibility is determined by the Commonwealth Aged Care Assessment Service.	Income	10,245	7,762	9,075
		Expenditure	14,300	13,572	15,102
		Surplus / (deficit)	(4,055)	(5,811)	(6,027)
Respect, equity and inclusion	Supports equity, access and inclusion for people of all abilities, ages, cultures, genders, faiths and sexualities. Delivers and implements our Community Wellbeing Plan, Gender Equality Action Plan, Reconciliation Action Plan and social and affordable housing priorities. Oversees the development and implementation of social policy in response to emerging community needs.	Income	-	-	-
		Expenditure	2,081	2,002	1,663
		Surplus / (deficit)	(2,081)	(2,002)	(1,663)
Youth Services	Provides support and programs for young people aged 10 to 25 who live, work, study or socialise in Glen Eira. Provides information and referral to young people for specialised local services to support their health and wellbeing.	Income	40	36	32
		Expenditure	788	760	881
		Surplus / (deficit)	(749)	(724)	(849)
Total of Program Two - Our Community		Surplus / (deficit)	(21,025)	(22,222)	(23,117)

Program Three — Our City

Services area	Description of services provided		2024–25 Actual \$'000	2025–26 Forecast \$'000	2026–27 Budget \$'000
Building and Town Planning	Determines planning applications and subdivision applications. Represents Council at VCAT where a planning decision is subject to an appeal and enforces planning decisions. Receives building permit registrations, maintains a register of private pools and spas. Provides copies of building permits for a fee. Responds to and investigates enquiries and complaints related to building permit compliance, building safety, illegal works and essential services. Issues planning infringements, and building notices and orders for non-compliance.	Income	3,060	3,419	2,816
		Expenditure	6,021	6,252	6,395
		Surplus / (deficit)	(2,961)	(2,832)	(3,579)
Climate action	Works to reduce Council and community contribution to climate change. Advocates for changes in Victorian and Australian government policy such as better public transport, higher standards for buildings to help reduce energy consumption and new generation waste and recycling facilities for the region.	Income	7	(3)	100
		Expenditure	939	1,459	1,446
		Surplus / (deficit)	(932)	(1,462)	(1,346)
Drains and water management	Manages a drainage network of around 540 kilometres of drains and 22,000 drainage pits. Ensure stormwater is discharged effectively by regularly cleaning and repairing pits and drains and upgrading or replacing pits and drains when necessary.	Income	-	-	-
		Expenditure	1,375	1,454	1,499
		Surplus / (deficit)	(1,375)	(1,454)	(1,499)
Parking	Enforces parking restrictions and delivers education throughout the municipality to ensure the safety of all road users. Issues fines for vehicles that are parked illegally. Issues more than 10,000 residential parking permits and 4,000 accessible parking permits for people with disabilities per year.	Income	9,555	10,080	11,932
		Expenditure	6,665	6,351	6,788
		Surplus / (deficit)	2,890	3,729	5,144
Parks and sports grounds	Maintains and enhances approximately 170 hectares of open space in our public parks, gardens and sports grounds and the facilities within them, including pavilions, barbecues, and park lighting to support the community and our sporting clubs.	Income	939	1,097	952
		Expenditure	10,701	11,301	11,721
		Surplus / (deficit)	(9,762)	(10,204)	(10,769)
Rubbish and recycling	Manages recycling and waste including household collection of garbage, mixed recyclables, green waste, bundled branches, hard rubbish and street litter bins. Delivers waste management education and enforcement.	Income	27,888	29,057	31,298
		Expenditure	22,135	25,458	28,379
		Surplus / (deficit)	5,753	3,599	2,919
Road and transport infrastructure	Manages and maintains almost 500 km of local roads in the City of Glen Eira, along with streetlighting, public signage, footpaths and cycle paths.	Income	1,269	1,097	902
		Expenditure	8,836	10,075	9,938
		Surplus / (deficit)	(7,567)	(8,979)	(9,036)
Street and shopping centre amenity	Keeps our local streets and shopping centres clean and removes graffiti. Provides signage and street furniture.	Income	1	-	-
		Expenditure	3,013	3,939	4,459
		Surplus / (deficit)	(3,012)	(3,939)	(4,459)
Strategic place planning	Shapes the future of the City of Glen Eira through strategic land use planning, integrating local heritage and urban design. Administers the Glen Eira Planning Scheme, including planning scheme amendments and implementing structure plans across major activity centres. Supports placemaking activities to promote a vibrant local economy.	Income	3	-	-
		Expenditure	1,740	2,315	3,314
		Surplus / (deficit)	(1,737)	(2,315)	(3,314)

Program Three — Our City (Continued)

Services area	Description of services provided		2024–25	2025–26	2026–27
			Actual \$'000	Forecast \$'000	Budget \$'000
Trees and plants	Maintains, protects and grows the trees that make up our City's urban forest. Maintains our Classified Trees Register to protect significant trees that meet the criteria described in our Classified Tree Policy to preserve the environmental benefits and the character of our suburbs the trees provide.	Income	143	149	120
		Expenditure	5,066	5,374	5,860
		Surplus / (deficit)	(4,922)	(5,225)	(5,740)
Transport strategy and education	Leads our Integrated Transport Strategy to support our community to get around Glen Eira easily, in walkable neighbourhoods and using a range of safe and environmentally friendly travel options. Advocates for policy change to support our transport network.	Income	-	-	-
		Expenditure	592	692	1,698
		Surplus / (deficit)	(592)	(692)	(1,698)
Total of Program Three - Our City		Surplus / (deficit)	(24,218)	(29,775)	(33,376)

Reconciliation with budgeted operating result

	Surplus/ (Deficit) \$'000	Expenditure \$'000	Income / Revenue \$'000

Total	21,720	200,421	222,142

Expenses added in:

Depreciation and Amortisation	32,878
Borrowing Costs	1,829
Bank Fees	350
Surplus / (Deficit) before funding sources	(13,337)

Funding sources added in:

Interest Income	2,350
Proceeds of assets sales	453
Capital Works Grants	8,782
Victorian Local Government Grants Commission	1,033
Contributions	5,000
Total funding sources	17,618
Operating surplus / (deficit) for the year	4,281

3. Financial statements

This section presents information relating to Council's financial statements and the Statement of Human Resources. Budget information for the 2026–27 financial year has been supplemented with forward projections to 2029–30 to provide transparency around Council's medium-term financial outlook and workforce capacity.

The information presented supports an understanding of Council's financial position, operating performance, cash flows and resourcing profile over the budget period, and how these are expected to evolve in response to Council's strategic priorities and financial settings.

The financial statements are prepared within the framework of Council's *Financial Sustainability Strategy*, which establishes Council's long-term approach to balancing future budgets, strengthening financial resilience and ensuring resources are managed in a disciplined and sustainable manner. The projections included demonstrate how Council is giving effect to the Strategy through the annual budget process.

This section includes the following financial statements, prepared in accordance with the *Local Government Act 2020* and the *Local Government (Planning and Reporting) Regulations 2020*:

- Comprehensive Income Statement
- Balance Sheet
- Statement of Changes in Equity
- Statement of Cash Flows
- Statement of Capital Works
- Statement of Human Resources

Comprehensive Income Statement – Reports Council’s financial performance for the period. It shows how operating revenue and expenses result in an overall surplus or deficit for the year. This statement includes non-cash items such as depreciation and reflects the full cost of delivering services to the community.

Comprehensive Income Statement for the years ending 30 June

Statement of Human Resources – Provides information about Council’s workforce, including staff numbers expressed as full time equivalent employees. It supports transparency around workforce planning and demonstrates how Council’s people resources are aligned with the delivery of services and strategic objectives.

Statement of Human Resources				
Description	Budget 2026–27 FTE	Permanent		Casual and Temporary
		Full Time FTE	Part Time FTE	FTE
City Management	52.30	44.00	8.30	-
Community Wellbeing	205.76	65.00	140.76	13.53

The *Gender Equality Act 2020* (commenced on 31 March 2021) will improve workplace gender equality in the Victorian public sector, universities, and local councils. The legislation requires organisations to regularly collect and report data on gender equality in the workplace by doing workplace gender audits.

Summary of Planned Human Resources Expenditure for the years ending 30 June

For the four years ending 30 June 2029 for the years ending

4. Notes to the financial statements

4.1 Comprehensive income statement

Overview

The graphs below provide a clear, high-level picture of how Council's 2026–27 Budget is funded and how those funds are used. Together, they show how income collected from the community and other sources is allocated to deliver everyday services, maintain local infrastructure and support Council's long-term financial sustainability. Presenting this information visually helps explain the balance Council must strike between affordability, service delivery and responsible financial management.

Income

The income graph shows where Council's funding comes from in the 2026–27 financial year. Rates and charges remain Council's primary and most reliable source of income, reflecting their role in funding essential local services and infrastructure that benefit the whole community. This income is complemented by grants, contributions and other ongoing revenue streams, which help support specific services, programs and capital projects. Together, these income sources enable Council to respond to community needs while operating within a constrained and carefully managed financial environment.

Operating Revenue 2026–27

Expenditure

The expenditure graph illustrates how Council allocates its financial resources across key areas of spending. A significant proportion of expenditure is directed toward employee costs and materials and services, reflecting the people, facilities and resources required to deliver services to the community each day. Expenditure is also allocated to asset-related costs, supporting the maintenance, renewal and safe operation of Council’s infrastructure. This distribution highlights Council’s focus on delivering essential services, caring for existing assets and managing costs responsibly to support long-term financial sustainability.

Operating Expenditure — 2026–27

Income variances

Comprehensive Income Statement for the years ending 30 June

	Notes	Forecast	Budget	Variance	
		2025–26	2026–27	\$'000	%
		\$'000	\$'000	\$'000	%
Income / Revenue					
Rates and charges	4.1.1	148,118	156,744	8,626	5.8%
Statutory fees and fines	4.1.2	12,300	13,876	1,575	12.8%
User fees	4.1.3	30,878	31,649	771	2.5%
Interest received		3,500	2,350	(1,150)	(32.8%)
Contributions — monetary	4.1.4	6,500	5,000	(1,500)	(23.1%)
Grants — operating	4.1.5	22,613	18,061	(4,552)	(20.1%)
Grants — capital	4.1.5	4,913	8,782	3,869	78.7%
Other income		3,000	2,849	(152)	(5.1%)
Total Income / Revenue		231,822	239,309	7,488	3.2%

Positive variance movements relate to an increase in revenue and negative figures (in brackets), relate to a decrease in revenue.

4.1.1 Rate revenue

In 2026–27, the rate increase will be five per cent and total rates and charges will be 65 per cent of Council's total income.

Rates and charges are required by the Act and the Regulations to be disclosed in Council's budget.

As per the *Local Government Act 2020*, Council is required to have a *Revenue and Rating Plan* which is a four-year plan for how Council will generate income to deliver the *Council Plan*, program and services and capital works commitments over a four-year period.

In developing the *Budget*, rates and charges were identified as an important source of revenue. Planning for future rate increases has therefore been an important component of the financial planning process. The *Fair Go Rates System* (FGRS) sets the maximum percentage councils can increase rates each year. For 2026–27 the FGRS cap has been set at 2.75 per cent. The Essential Services Commission has approved Council's application for a rate cap variation of an additional 2.25 per cent, allowing a total increase of 5 per cent for 2026–27 only. The cap applies to both general rates and municipal charges and is calculated on the basis of council's average rates and charges.

This balanced increase helps Council respond to rising costs while maintaining the essential services levels and infrastructure our community relies on. The level of required rates and charges has been considered in this context, with reference to Council's other sources of income and the planned expenditure on services and works to be undertaken for the community.

This will raise total rates and charges for 2026–27 to \$156.74 million.

4.1.1(a) The reconciliation of the total rates and charges to the comprehensive income statement is as follows:

	2025–26	2026–27	Change	
	Forecast Actual \$'000	Budget \$'000	\$'000	%
Waste management charge	28,400	30,530	2,130	7.50%
General Rates	117,794	124,567	6,773	5.75%
Cultural & Recreation Land	276	297	21	7.50%
Supplementary rates and rate adjustments	907	700	(207)	(22.82%)
Interest on rates and charges	740	650	(90)	(12.16%)
Total rates and charges	148,117	156,744	8,627	5.82%

4.1.1(b) The rate in the dollar to be levied as general rates under section 158 of the Act for each type or class of land compared with the previous financial year:

Type or class of land	2025–26 cents/\$NAV	2026–27 cents/\$NAV	Change
General Rate	2.7924	2.8277	1.26%
Cultural & Recreation with Liquor	1.6755	1.6966	1.26%
Cultural & Recreation without Liquor	1.3962	1.4138	1.26%
Cultural & Recreation MRC	2.1222	2.1490	1.26%
Yarra Yarra Golf Club	1.3962	1.4138	1.26%

4.1.1(c) The estimated total amount to be raised by general rates in relation to each type or class of land, and the estimated total amount to be raised by general rates, compared with the previous financial year:

Type or class of land	2025–26	2026–27	Change	
	\$'000	\$'000	\$'000	%
General Rate	117,794	124,567	6,773	5.75%
Cultural & Recreation with Liquor	26	27	1	2.77%
Cultural & Recreation without Liquor	35	36	1	3.71%
Cultural & Recreation MRC	146	152	6	3.90%
Yarra Yarra Golf Club	69	82	13	18.70%
Total amount to be raised by general rates	118,070	124,864	6,794	5.75%

4.1.1(d) The number of assessments in relation to each type or class of land, and the total number of assessments, compared with the previous financial year:

Type or class of land	2025–26	2026–27	Change	
	Number	Number	Number	%
General Rate	72,069	72,673	604	0.84%
Cultural & Recreation with Liquor	6	6	-	-
Cultural & Recreation without Liquor	17	17	-	-
Cultural & Recreation MRC	3	3	-	-
Yarra Yarra Golf Club	1	1	-	-
Total number of assessments	72,096	72,700	604	0.84%

4.1.1(e) The basis of valuation to be used is the Net Annual Value.

4.1.1(f) The estimated total value of each type or class of land, and the estimated total value of land, compared with the previous financial year:

Type or class of land	2025–26	2026–27	Change	
	\$'000	\$'000	\$'000	%
General Rate	4,256,958	4,400,902	143,945	3.38%
Cultural & Recreation with Liquor	1,595	1,575	(20)	(1.25%)
Cultural & Recreation without Liquor	2,638	2,567	(71)	(2.67%)
Cultural & Recreation MRC	6,716	7,059	343	5.11%
Yarra Yarra Golf Club	5,575	5,799	224	4.01%
Total value of land	4,273,481	4,417,902	144,421	3.38%

4.1.1(g) The municipal charge under Section 159 of the Act compared with the previous financial year:

Type of Charge	Per Rateable Property	Per Rateable Property	Change	
	2025–26 \$	2026–27 \$	\$	%
Municipal	-	-	-	-

4.1.1(h) The estimated total amount to be raised by municipal charges compared with the previous financial year:

Type of Charge	2025–26	2026–27	Change	
	\$	\$	\$	%
Municipal	-	-	-	-

4.1.1(i) The rate or unit amount to be levied for each type of service rate or charge under Section 162 of the Act compared with the previous financial year:

Type of Charge	Per Rateable Property	Per Rateable Property	Change	
	2025–26 \$	2026–27 \$	\$	%
240 Litre Bin	690	740	50	7.25%
120 Litre Bin	345	370	25	7.25%
Flats Sharing 240 Litre Bin	345	370	25	7.25%
Family 240 Litre Bin	345	370	25	7.25%
Litter Management Charge	92	98	6	6.52%
240 Litre Medical	345	370	25	7.25%
Additional Recycling	75	80	5	6.67%
Additional Green Waste	45	48	3	6.67%

4.1.1(j) The estimated total amount to be raised by each type of service rate or charge, and the estimated total amount to be raised by service rates and charges, compared with the previous financial year:

Type of Charge	2025–26	2026–27	Change	
	\$'000	\$'000	\$'000	%
240 Litre Bin	11,371	12,183	812	7.14%
120 Litre Bin	13,961	15,069	1,108	7.94%
Flats Sharing 240 Litre Bin	819	877	59	7.17%
Family 240 Litre Bin	1,125	1,186	61	5.45%
Litter Management Charge	897	972	75	8.39%
240 Litre Medical	59	62	3	5.80%
Additional Recycling	131	139	8	6.32%
Additional Green Waste	38	41	3	8.25%
Total	28,400	30,530	2,130	7.50%

4.1.1(k) The estimated total amount to be raised by all rates and charges compared with the previous financial year:

	2025–26	2026–27	Change	
	\$'000	\$'000	\$'000	%
General Rates	118,070	124,864	6,794	5.75%
Waste management charges	28,400	30,530	2,130	7.50%
Total Rates and charges	146,470	155,394	8,924	6.09%

4.1.1(l) Fair Go Rates System compliance

Glen Eira City Council is fully compliant with the Victorian Government's *Fair Go Rates System* (FGRS). The table below details the budget assumptions consistent with the requirements of the Fair Go Rates System.

	2025–26	2026–27
Total Rates	\$ 114,363,107	\$ 118,635,235
Number of rateable properties	72,069	72,673
Base Average Rate	\$ 1,586.86	\$ 1,632.45
Maximum Rate Increase (set by the State Government)	3.00%	5.00%
Capped Average Rate	\$ 1,634.46	\$ 1,714.08
Maximum General Rates and Municipal Charges Revenue	\$ 117,793,820	\$ 124,567,000
Budgeted General Rates and Municipal Charges Revenue	\$ 117,793,820	\$ 124,567,000
Budgeted Supplementary Rates	\$ 907,000	\$ 700,000
Budgeted Total Rates and Municipal Charges Revenue	\$ 118,700,820	\$ 125,267,000

4.1.1(m) Any significant changes that may affect the estimated amounts to be raised by rates and charges.

There are no known significant changes which may affect the estimated amounts to be raised by rates and charges. However, the total amount to be raised by rates and charges may be affected by:

- The processing of supplementary valuations.
- The variation of returned levels of value (e.g., valuation appeals).
- Changes of use of land such that rateable land becomes non-rateable land and vice versa.
- Changes of use of land such that residential land becomes business land and vice versa.

Rates and changes in rates are assessed by independent valuers under the supervision of the Valuer General for Victoria. Valuations undertaken for Council rating purposes may also be used by the Victorian Government to calculate the *Emergency Services and Volunteers Fund Levy* and land tax.

4.1.2 Statutory fees and fines (\$1.57 million increase)

Statutory fees primarily comprise legislated fees and fines, including animal registrations, health registrations and parking infringements. The increase in 2026–27 reflects higher expected parking revenue following the rollout of parking sensors in key activity centres.

A detailed listing of statutory fees and fines is disclosed in *Appendix E Schedule of User Charges and Other Fees*.

4.1.3 User fees (\$771k increase)

User fees relate primarily to the recovery of service delivery costs through charges to users of Council services, including leisure and community facilities and human services such as Family Day Care. The primary driver of the increase is the additional income across Glen Eira Leisure facilities. These user fees are variable in nature and are dependent on community demand and the different types of services provided.

A detailed listing of user fees is disclosed in *Appendix E Schedule of User Charges and Other Fees*, and *Appendix F Schedule of Glen Eira Leisure User Charges and Other Fees*.

4.1.4 Contributions (\$1.50 million decrease)

Council receives open space contributions pursuant to Clause 52.01 of the *Glen Eira Planning Scheme*. These contributions are primarily levied on multi-unit developments to fund the provision of open space and are inherently volatile, as they are dependent on the timing and scale of development activity determined by developers rather than Council.

4.1.5 Operating and Capital Grants (\$684k decrease)

Operating and capital grants are required to be disclosed in Council's Budget in accordance with the Act and the Regulations. Grant income comprises a mix of recurrent funding to support ongoing service delivery and non-recurrent funding for specific programs and capital projects.

A summary of operating and capital grants by type and funding source is provided below.

Operating Grants				
Grant funding types and source (operating)	Forecast	Budget	Variance	
	2025–26	2026–27	\$'000	%
	\$'000	\$'000	\$'000	
Recurrent — Commonwealth Government				
Aged care	5,809	7,300	1,491	26%
Family day care	449	400	(49)	(11%)
Victoria Local Government Grants Commission	6,651	1,033	(5,618)	(84%)
Recurrent — State Government				
Delivered meals	338	360	22	6%
Early learning	84	100	16	19%
Home care	4,488	4,513	25	0.6%
Home maintenance	288	289	1	0.4%
Immunisation	100	105	5	4%
Libraries & learning centres	1,048	1,039	(10)	(0.9%)
Maternal and child health	1,502	1,500	(2)	(0.1%)
Public health and safety	12	9	(3)	(27%)
Social support	829	833	4	0.5%
Supervision of school crossings	581	550	(31)	(5.37%)
Youth services	30	30	-	-
Non Recurrent — State Government				
Circular economy and sustainability	70	-	(70)	(100%)
Statutory building	333	-	(333)	(100%)
Total Operating Grants	22,613	18,061	(4,552)	(20%)

Operating grants have decreased compared with the 2025–26 forecast, primarily due to timing differences and additional funding for Residential Aged Care.

Eighty per cent of the 2026–27 Victorian Local Government Grants Commission (\$4.13 million) are expected to be received in advance in late 2025–26, in line with established Commonwealth payment arrangements. This represents a timing difference only and does not impact total funding amount.

An additional \$1.5 million Residential Aged Care funding is expected, which will be applied to increased labour costs required to meet service delivery obligations.

Capital grants and contributions comprise funding received from Victorian, Commonwealth and community sources for the delivery of Council's capital works program.

Capital grant income in 2026–27 has increased compared with the 2025–26 forecast, largely due to the timing of grant receipts, including \$2.5 million for the GESAC Getting Off Gas project and \$2.7 million for the Mackie Road Pavilion.

Capital Grants				
Grant Funding Types and Source	Forecast	Budget	Variance	
	2025–26	2026–27	\$'000	%
	\$'000	\$'000	\$'000	
Recurrent — Commonwealth Government				
Roads to Recovery	678	805	127	19%
Non Recurrent — State Government				
Mackie Road pavilion (\$3m total grant)	-	2,700	2,700	100%
Active transport projects	234	784	551	236%
Orange Street dog park	239	60	(179)	(75%)
Bentleigh Reserve multiuse courts	450	-	(450)	(100%)
Lighting upgrades in reserves	167	20	(147)	(88%)
Cricket nets upgrades in reserves	57	-	(57)	(100%)
Transport Accident Commission (TAC) safety projects	1,644	899	(745)	(45%)
Open Libraries	-	55	55	100%
Caulfield Racecourse Pathway	341	-	(341)	(100%)
Pick My Park - Little Street Parks	-	250	250	100%
Multicultural Business Precinct Revitalisation Program	-	160	160	100%
Glen Huntly pavilion	-	243	243	100%
Non Recurrent — Commonwealth Government				
Community infrastructure	169	-	(169)	(100%)
Getting off gas — GESAC (\$2.5m total grant)	-	2,500	2,500	100%
Murrumbeena Park lighting upgrade	16	-	(16)	(100%)
Packer Park Reserve pavilion (\$1.53m total grant)	918	306	(612)	(67%)
Total Capital Grants	4,913	8,782	3,869	79%

Expenditure variances

Comprehensive Income Statement for the years ending 30 June					
		Forecast 2025–26	Budget 2026–27	Variance	
	Notes	\$'000	\$'000	\$'000	%
Expenses					
Employee costs	4.1.6	92,654	97,737	(5,082)	(5.5%)
Materials and consumables		4,886	5,378	(492)	(10.1%)
Contractor payments	4.1.7	66,533	70,708	(4,175)	(6.3%)
Maintenance	4.1.8	8,576	9,084	(508)	(5.9%)
Utilities	4.1.9	5,754	5,964	(210)	(3.7%)
Insurance		2,144	2,619	(475)	(22.2%)
Grants and subsidies		1,677	1,644	33	2.0%
Other expenses	4.1.10	6,920	7,077	(157)	(2.3%)
Borrowing costs		2,429	1,829	600	24.7%
Finance costs — leases		68	48	20	29.1%
Depreciation	4.1.11	30,122	31,788	(1,666)	(5.5%)
Amortisation — intangible assets	4.1.11	298	190	108	36.3%
Depreciation — right of use assets	4.1.11	589	483	106	18.0%
Net loss on sale/disposal of property, infrastructure, plant and equipment	4.1.12	1,249	480	769	61.6%
Total Expenses		223,900	235,028	(11,129)	(5.0%)

Positive variance movements relate to a decrease in expenditure and negative figures (in brackets), relate to an increase in expenditure.

4.1.6 Employee costs (\$5.08 million increase)

Employee costs include all labour related expenditure and oncosts such as allowances, leave entitlements and employer superannuation.

The change in employee costs is represented by:

- Increase for Council's Enterprise Agreement
- Award increases and increases in hours and allowances
- Additional staffing requirements in Residential Aged Care arising from legislative changes, fully offset by additional grant funding.

The remainder of the variance relates to lower labour expenditure in the 2025–26 forecast. This is due to staff movements which are offset by increased agency staff expenditure in the contractor category.

Council has budgeted for a staffing level of 779.24 FTE for 2026–27.

4.1.7 Contractors (\$4.17 million increase)

Contractor costs primarily cover Council services provided by external specialists, used when specific expertise is either more cost-effective or not available in-house. Our significant contract expenditure includes waste management, parks services, information technology, parking, building maintenance and cleaning.

External contractors are expected to increase against the current year forecast due to:

- **Waste and recycling services** — an increase of \$3.1 million compared to forecast, driven by higher landfill costs and fuel price increases associated with Middle East geopolitical tensions. These increases are incorporated into contractual price movements and are fully recovered through waste management charges.
- **Information technology and digital services** — increased investment of \$1.4 million to fund the first year of investment in the *Digital Technology Strategy*, supporting improved service efficiency, data and system capability, and cyber security. These initiatives align with the *Financial Sustainability Strategy's* focus on efficiency and innovation and support the *Council Plan* objective of being innovative and financially sustainable.
- **Other movements** — the remaining variance relates to one-off projects and timing movements between expenditure categories.

4.1.8 Maintenance (\$508k increase)

Maintenance costs include building security, plumbing, electrical works, cleaning and parks grounds maintenance. This increase mainly reflects savings in the forecast year.

4.1.9 Utilities (\$210k increase)

Utility charges relate to utilities such as water, gas, electricity, as well as telecommunication costs.

4.1.10 Other expenses (\$157k increase)

Other expenses relate to a range of unclassified items including leasing expense and outgoings, rental expense, bad debts, program costs, advertising, and audit fees.

4.1.11 Depreciation and amortisation — non-cash item (\$1.45 million increase)

Depreciation and amortisation are accounting measures which allocate the value of an asset over its useful life for Council's property, plant and equipment including infrastructure assets such as roads and drains. The increase is primarily due to asset revaluations and ongoing asset replacements.

4.1.12 Net loss on sale/disposal of property, infrastructure, plant and equipment (\$769k decrease)

These amounts are difficult to predict when the *Budget* is set. Items include disposal of buildings, road surfaces, pavements, kerb and channels, footpaths, drains, right of ways and local area traffic management.

4.2 Balance sheet

The budgeted balance sheet shows the expected financial position at the end of the reporting year. This section of the *Budget* analyses the movements in assets (what is owned), liabilities (what is owed) and equity between the 2026–27 budget year and 2025–26 forecast. The ‘bottom line’ of this Statement is net assets that Council owns.

The change in net assets between two year’s budgeted balance sheet shows how the financial position has changed over that period which is described in more detail in the budgeted balance sheet. The assets and liabilities are separated into current and non-current. Current means those assets or liabilities which fall due in the next twelve months.

Balance sheet key assumptions

In preparing the budgeted balance sheet for the year ended 30 June 2027 it was necessary to make a number of assumptions about assets, liabilities and equity balances. The key assumptions are as follows:

- **Rates and charges (rates debtors)** — Council finished the prior financial year with a rates debtor balance. Rates debtors are more informatively assessed as a proportion of annual rates revenue; across inner-metropolitan councils the average is around 12 per cent, and Glen Eira’s position, at approximately ten per cent, is broadly consistent with this range. For budgeting purposes, the overall level of rates debtors is assumed to remain broadly consistent, noting that balances fluctuate throughout the year in line with the timing of rate notices, instalment payments, and collection activity.
- **Trade creditors** — Trade creditors are estimated based on total capital and operating expenditure, excluding the written-down value of assets sold, depreciation and amortisation, and employee costs. A 30-day payment cycle has been assumed.
- **Other debtors and creditors** — Other debtors and creditors are assumed to remain consistent with prior-year levels.
- **Asset disposals** — Proceeds from the sale of property, infrastructure, plant and equipment are assumed to be received in full during the 2026–27 financial year.
- **Employee entitlements** — Employee entitlements are assumed to increase in line with the current Enterprise Agreement.
- **Borrowings** — Principal repayments on existing borrowings are forecast to total \$2.3 million for the year, in line with approved loan agreements and loan repayment schedules.
- **Leases** — Lease liabilities and right-of-use assets are recognised based on the terms of existing lease arrangements.
- **Defined benefit superannuation** — The *Defined Benefit Superannuation Scheme* for pre-1993 employees is assumed to continue to meet its actuarial and prudential funding requirements.

4.2.1 Assets

Cash and cash equivalents comprise cash held at bank and investments in deposits. These balances are projected to decrease by 13.9 million, primarily due to the settlement of the Elsternwick Bowls Club property acquisition.

Trade and other receivables represent amounts owed to Council by ratepayers and other debtors. Short-term debtor balances are not expected to change materially in the *Budget*, and other receivable balances are considered to be at acceptable levels.

Property, infrastructure, plant and equipment represent the largest component of Council's asset base and reflects the value of land, buildings, roads, vehicles, and equipment accumulated over many years. The increase in this balance is attributable to the net impact of the capital works program, including the addition of \$51.20 million in new assets, offset by asset depreciation of \$32 million and net disposals of property, plant, and equipment of \$0.48 million.

4.2.2 Liabilities

Trade and other payables represent amounts owed by Council as at 30 June.

Provisions primarily comprise accrued employee entitlements, including long service leave, annual leave and rostered days off. These balances are expected to increase only marginally, reflecting active internal management of leave balances, while allowing for increases arising from Enterprise Agreement outcomes.

Working capital represents the excess of current assets over current liabilities. While Council holds current assets, a portion of these balances is already committed to the settlement of liabilities within the following 12 months and is therefore not available for discretionary use.

Council has also committed current assets to specific and restricted purposes, represented by reserves, which may not yet be recognised as current liabilities as at 30 June.

Council's liquidity ratio is further impacted by the classification of employee leave entitlements. Although most leave entitlements are not expected to be settled within 12 months, accounting standards require that the majority of these balances be classified as current liabilities, which places additional pressure on the reported liquidity ratio.

Liquidity Ratio (Working Capital)

	Forecast		Budget			Projections			
	2025–26		2026–27		2027–28		2028–29		2029–30
	\$'000		\$'000		\$'000		\$'000		\$'000
Current Assets									
Cash and cash equivalents	71,645	57,751	62,802	68,139	70,751				
Trade and other receivables	22,648	22,948	23,278	23,648	24,148				
Other financial assets	5,714	2,764	2,764	2,764	2,764				
Total Current Assets	100,007	83,463	88,844	94,551	97,663				
Current Liabilities									
Trade and other payables	15,941	15,954	15,976	16,011	16,059				
Trust funds and deposits	23,218	23,218	23,218	23,218	23,218				
Contract and other liabilities	2,666	2,214	1,763	1,311	859				
Provisions	13,782	14,069	14,377	14,712	15,164				
Lease liabilities	604	121	448	395	406				
Interest-bearing liabilities	2,261	3,026	3,857	4,038	4,228				
Total Current Liabilities	58,471	58,602	59,639	59,685	59,934				
Working Capital	41,536	24,861	29,205	34,866	37,729				
Working Capital Ratio	171.04%	142.42%	148.97%	158.42%	162.95%				

4.2.3 Borrowings

Interest-bearing loans and borrowings represent Council's outstanding borrowings. In line with Council's *Borrowing Strategy* and the *Financial Sustainability Strategy* commitment to managing debt responsibly, Council is not planning to draw down any new loans in the 2026–27 financial year.

The *Budget* includes the establishment of a \$10 million overdraft facility to manage operational cashflow fluctuations if required. This facility is covered under our current loan agreement with Treasury Corporation Victoria (TCV), and it provides quick access to short-term funds when needed and help manage temporary cash flow shortages.

	Forecast		Budget	
	2025–26		2026–27	
	\$'000		\$'000	
Bank Overdraft Facility	-	10,000		
Total Bank Overdraft Facility	-	10,000		

Borrowings are forecast to be \$45.3 million as at 30 June 2027, with principal repayments of \$2.3 million budgeted for the year.

The table below presents information on borrowings as required by the Regulations.

Borrowings					
	Forecast	Budget	Projections		
	2025–26	2026–27	2027–28	2028–29	2029–30
	\$'000	\$'000	\$'000	\$'000	\$'000
Amount borrowed as at 1 July	59,871	47,602	45,341	42,315	38,458
Amount proposed to be borrowed	-	-	-	-	-
Amount projected to be redeemed	(12,269)	(2,261)	(3,026)	(3,857)	(4,038)
Amount of borrowings as at 30 June	47,602	45,341	42,315	38,458	34,420

Consistent with the *Financial Sustainability Strategy*, Council limits borrowings to strategic and major capital projects within the Capital Works Program and does not use borrowings to fund ongoing operational expenditure. Council continues to focus on reducing debt over time to ease pressure on the operating surplus and improve financial resilience, while ensuring borrowings are managed prudently in accordance with sound financial management principles and relevant prudential requirements.

4.2.4 Other liabilities

Other liabilities represent the provision for environmental rehabilitation works for Council's share of the Regional Landfill Clayton South Joint Venture (21.1 per cent). These are the estimated costs associated with remediation of the site over a period of 28 years. Remediation is expected to be completed by 2045. The 2026–27 Budget includes \$240,000 for post closure rehabilitation costs.

4.3 Statement of changes in Equity

4.3.1 Reserves

Open Space Reserve

The Open Space Reserve is budgeted to decrease by \$5.33 million during the 2026–27 financial year. Council allocates open space contributions to support the delivery of priority projects identified in Council's *Open Space Strategy*. In 2026–27 Open Space Reserve will be reduced for the settlement of Elsternwick Bowls Club through the *Capital Works Program*.

Council collects Public Open Space contributions in certain circumstances when land is subdivided within the municipality. These contributions are required under the Glen Eira Planning Scheme (Clause 53.01) and are applied to support the acquisition, development and improvement of public open space for the community.

As part of applicable subdivisions, a landowner is required to make a contribution based on the site value, which we use to either purchase land to create new open spaces such as public parks, playgrounds and reserves, or to make improvements within our existing open space areas. Our open space planning is informed by our *Open Space Strategy*.

There are different contribution rates that apply in different parts of the City. These include:

- In the area known as Caulfield Village, five per cent of the site value of the land which is contained within the mixed-use precinct and the Smith Street precinct, and four per cent of the site value of the land which is contained within the residential precinct.
- In the area known as East Village, in accordance with the East Village Comprehensive Development Plan, May 2020 and East Village Development Contributions Plan, May 2020.
- All other land, 8.3 per cent of the site value of the land effective March 2023.

The purpose of the Open Space Reserve is to set aside any funds received from the sale of public open space which includes any land set aside in a plan or land in a plan zoned or reserved under a planning scheme for public recreation or public resort; or as parklands; or for similar purposes as defined in the *Subdivision Act 1988*.

The table below outlines the forecast movements in Council’s Open Space Reserve over the next four years.

Reserves for the years ending 30 June 2026 – 2036					
	2025–26	2026–27	2027–28	2028–29	2029–30
	Forecast				
	\$'000	\$'000	\$'000	\$'000	\$'000
Open Space Reserve					
Opening Balance	26,887	33,287	27,962	30,557	33,567
Transfer to reserve	6,500	5,000	5,000	5,000	5,000
Transfer from reserve	(100)	(10,325)	(2,405)	(1,990)	(2,550)
Closing balance	33,287	27,962	30,557	33,567	36,017

Strategic Asset Reserve

The Strategic Asset Reserve is a discretionary reserve established as a key financial lever under Council’s *Financial Sustainability Strategy*. Its purpose is to strengthen Council’s ability to fund priority capital works and strategic asset investments in a planned, disciplined and financially sustainable manner, while reducing reliance on short-term cash balances and additional borrowings.

The table below outlines the forecast movements in the Strategic Asset Reserve over the next four years. Consistent with Council’s application to the Essential Services Commission, the approved rate cap variation supports the phased establishment of this reserve, with a portion of additional revenue to be allocated toward its development. While Council’s unrestricted reserves are not currently fully cash-backed, Council will progressively strengthen the cash backing of reserves over time as part of the *Financial Sustainability Strategy*. The ongoing growth of this reserve will enhance Council’s financial resilience, support more predictable capital funding, and align with the Strategy’s focus on strengthening discretionary reserves.

Reserves for the years ending 30 June 2026 – 2036

	2025–26 Forecast \$'000	2026–27 \$'000	2027–28 \$'000	2028–29 \$'000	2029–30 \$'000
Strategic Asset Reserve					
Opening Balance	1,260	1,260	2,668	5,424	8,277
Transfer to reserve (Rate cap variation)	-	2,668	2,756	2,853	2,954
Transfer from reserve	-	(1,260)	-	-	-
Closing balance	1,260	2,668	5,424	8,277	11,231

4.3.2 Equity

Total equity always equals net assets and is made up of the following components:

- Asset revaluation reserve which represents the difference between the previously recorded value of assets and their current valuations.
- Other reserves that are funds that Council wishes to separately identify as being set aside to meet a specific purpose in the future and to which there is no existing liability. These amounts are transferred from the accumulated surplus of the Council to be separately disclosed.
- Accumulated surplus which is the value of all net assets less reserves that have accumulated over time.

4.4 Statement of cash flows

The budgeted statement of cash flows shows the expected cash movements during the budget year and the difference in the cash balance at the beginning and the end of the year. The net cash flows from operating activities, shows how much are expected to remain after providing day to day services to the community. Any surpluses from operating activities are invested in areas such as capital works.

The information in the budgeted statement of cash flows assists in the assessment of the ability of Council to generate cash flows, meet financial commitments as they fall due, including the servicing of borrowings, fund changes in the scope or nature of activities and obtain external finance. The budgeted statement of cash flows analyses the expected cash flows for the 2026–27 financial year.

The cash flow is based on three main categories. In summary these are:

4.4.1 Net cash flows provided by/ (used in) operating activities

Refers to the cash generated or used in the normal service delivery functions of Council. Cash remaining after paying for the provision of services to the community may be available for investment in capital works, or repayment of debt.

The net cash flows from operating activities does not equal the surplus for the year as the expected revenues and expenses of the Council include non-cash items which have been excluded from the statement of cash flows. The budgeted operating result is reconciled to budgeted cash flows available from operating activities as set out in the following table:

Reconciliation of operating result and net cash from operating activities 30 June

	Forecast	Budget	Projections		
	2025–26	2026–27	2027–28	2028–29	2029–30
	\$'000	\$'000	\$'000	\$'000	\$'000
Surplus	7,922	4,281	1,859	2,780	6,562
Movement in creditors	(5,971)	-	-	-	-
Income received in advance	(451)	(451)	(451)	(452)	(452)
Debt servicing costs	2,496	1,877	1,915	1,757	1,601
Loss on Disposal of property, infrastructure, plant and equipment	1,249	480	480	480	480
Depreciation and amortisation	31,010	32,461	32,693	32,704	32,665
Cash Flows Available from Operating Activities	36,255	38,648	36,495	37,269	40,856

Operating activities refer to the cash generated or used in the normal service delivery functions of Council. The increased cash from operating activities is mainly due to the timing of capital grants receipts in 2026–27.

4.4.2 Net cash flows provided by/ (used in) investing activities

Refers to cash generated or used in the enhancement or creation of infrastructure and other assets. These activities also include the acquisition and sale of other assets such as vehicles, property and equipment.

Investing activities refer to cash generated or used in the enhancement or creation of infrastructure and other assets. These activities also include the acquisition and sale of other assets such as vehicles, property, equipment, etc.

The increase in payments for investing activities from 2025–26 to 2026–27 is mainly due to the settlement purchase of Elsternwick Bowls Club.

4.4.3 Net cash flows provided by/ (used in) financing activities

Refers to cash generated or used in the financing of Council functions and include borrowings from financial institutions and advancing of repayable loans to other organisations. These activities also include repayment of the principal component of loan repayments for the year.

The outflow in financing activities represents payments to reduce loans and lease liabilities of \$2.9 million and interest payments for loans and leases of \$1.9 million.

4.4.4 Cash and cash equivalents

The significance of budgeting cash flows for Council is that it is a key factor in setting the level of rates each year (governed by the rate cap) and providing a guide to the level of capital works expenditure that Council can sustain using existing cash reserves.

Funds held are mainly to cover current liabilities, as Council pays its creditors at the end of the month following the receipt of an invoice.

4.5 Capital Works Program

The budgeted statement of capital works sets out all the expected capital expenditure in relation to non-current assets for the year. It also shows the amount of capital works expenditure which is expected to be expanding, renewing, or upgrading Council's asset base. This is important because each of these categories has a different impact on Council's future costs. The budget for new capital works projects for the 2026–27 financial year is \$47.31 million. The following tables show the total capital works from various views.

New Works	Forecast	Budget	Change	
	2025–26	2026–27	\$'000	%
Property	3,646	27,500	(23,854)	(654.2%)
Plant and Equipment	3,959	3,684	275	7.0%
Infrastructure	15,627	16,124	(496)	(3.2%)
Total	23,233	47,307	(24,075)	(103.6%)

4.5.1 Property (\$27.50 million)

The property class comprises buildings and building improvements including community facilities, Municipal offices, sports facilities and pavilions. This includes the settlement of the Elsternwick Bowls Club. The acquisition is consistent with Council's adopted *Open Space Strategy* and supports the delivery of long-term community open space outcomes in an area of identified need.

4.5.2 Plant and equipment (\$3.68 million)

Plant and equipment include plant, machinery and equipment, computers and telecommunications, and library collections.

4.5.3 Infrastructure (\$16.12 million)

Infrastructure includes roads, footpaths, drainage works (in road reserves, sportsgrounds and irrigation), open space (includes open space initiatives, parks, playing surfaces and playground equipment), car parks and activity centre infrastructure including *Better Streets and Better Places* projects designed to enhance Council's streets and strengthen local activity centres.

4.5.4 Asset renewal (\$17.28 million), upgrades (\$19.17 million) and new assets (\$14.75 million)

	Project Cost	Asset expenditure types				Funding Sources	
		New	Renewal	Upgrade	Expansion	Grants	Council Cash & Reserves
	\$'000	\$'000	\$'000	\$'000	\$'000	\$'000	
Property	27,500	14,750	2,000	10,750	-	5,498	22,002
Plant and Equipment	3,684	-	3,326	358	-	-	3,684
Infrastructure	16,124	-	11,532	4,592	-	2,276	13,848
Total New Works	47,307	14,750	16,858	15,700	-	7,774	39,533
Carried forward capital works from 2025–26	3,893		424	3,469	-	1,008	2,885
Total Capital Works expenditure	51,200	14,750	17,282	19,169	-	8,782	42,418

A distinction is made between expenditure on new assets, asset renewal, upgrade and expansion. Expenditure on asset renewal is expenditure on an existing asset, or on replacing an existing asset that returns the service of the asset to its original capability. Expenditure on new assets does not have any element of expansion or upgrade of existing assets but will result in an additional burden for future operation, maintenance, and capital renewal.

4.5.5 Funding sources

Grants — Capital

Capital grants and contributions comprise funding received from State, Federal and community sources to support the delivery of Council's Capital Works Program. Capital grants of \$7.77 million are included in the 2026–27 Budget for the new works. Total capital grant funding expected to be received during the financial year is \$8.78 million, which includes final payments for grant-funded works delivered in prior years. Council will continue to actively advocate for external grant funding on a project-by-project basis.

Council cash

Council generates cash from its operating activities, which is used as a key funding source for the Capital Works Program. In 2026–27, it is forecast that \$39.53 million will be funded from Council cash, including reserves, to support the delivery of new capital works. Refer to Appendices B and C for detailed listings of 2026–27 Capital Works projects.

Performance and financial indicators

The following tables highlight Council's current and projected performance across eight targeted performance indicators selected by Council. These indicators provide a useful analysis of Council's intentions and performance and should be interpreted in the context of the organisation's objectives. The targeted performance indicators below are from the range of prescribed performance measures contained in the *Local Government (Planning and Reporting) Regulations 2020*. Results against these indicators and targets will be reported in Council's performance statement in the *Annual Report*.

In 2024, Local Government Victoria completed a review of the Local Government Performance Reporting (LGPR) framework. From 2026–27, the framework has shifted from a Service/Financial Area model to an Outcome-focused approach to ensure ongoing relevance. As part of this change, some indicators were retired, revised, or newly introduced. Indicators marked 'N/A' reflect changes in methodology where previous results are not comparable.

Targeted performance indicators — (Council selected)

Domain	Measure	Notes	Actual	Forecast	Target	Target Projections			Trend
			2024-25	2025-26	2026-27	2027-28	2028-29	2029-30	+ / o / -

Governance	Capital works planning								
Financial decisions	Sum of actual capital works expenditure for the financial year/Sum of budgeted capital works expenditure for the financial year		85.99%	83.00%	80.00%	80.00%	80.00%	80.00%	o

Targeted performance indicators — (Mandatory)

The following tables highlight Council's current and projected performance across a selection of targeted service and financial performance indicators. The targeted performance indicators below are the prescribed financial performance indicators contained in Schedule 4 of the *Local Government (Planning and Reporting) Regulations 2020*.

These indicators provide a useful analysis of Council's intentions and performance and should be interpreted in the context of the organisation's objectives. Results against these indicators and targets will be reported in Council's Performance Statement included in the Annual Report.

Domain	Measure	Notes	Actual	Forecast	Target	Target Projections			Trend
			2024-25	Actual 2025-26	2026-27	2027-28	2028-29	2029-30	+o/-
Governance									
Community engagement (Council decisions made and implemented with community input)	Satisfaction with the opportunities offered by Council to be consulted or engaged in Council decisions Community satisfaction rating out of 100 with the consultation and engagement efforts of Council		55	62	62	65	68	70	+
Environment									
Roads (Sealed local roads are maintained and renewed to ensure a safe network)	Sealed local roads below the intervention level Number of kms of sealed local roads below the renewal intervention level set by Council / Kms of sealed local roads		82.36%	82.50%	85.00%	85.00%	90.00%	90.00%	+
Responsiveness

Key to Target Trend:

- + increase in Council's overall targets
- o maintaining Council's overall targets
- decrease in Council's overall targets

Financial performance indicators

The following table highlights Council's current and projected performance across a range of key financial performance indicators. These indicators provide a useful analysis of Council's financial position and performance and should be interpreted in the context of the organisation's objectives.

The financial performance indicators below are the prescribed financial performance indicators contained in Part 3 of Schedule 3 of the *Local Government (Planning and Reporting) Regulations 2020*. Results against these indicators will be reported in Council's Performance Statement included in the Annual Report.

Domain	Measure	Notes	Actual	Forecast	Target	Target Projections			Trend
			2024-25	Actual 2025-26	2026-27	2027-28	2028-29	2029-30	+/-
Financial forecasting									
Indebtedness									
(level of long term liabilities is appropriate to the size and nature of a Council's activities)	Non-current liabilities compared to own-source revenue Non-current liabilities / own source revenue		32.92%	25.31%	22.61%	21.32%	18.68%	16.08%	+
Loans and borrowings									
(level of interest bearing loans and borrowings is appropriate to the size and nature of Council's activities)	Loans and borrowings compared to own-source revenue Interest bearing loans and borrowings / own-source revenue	5	N/A	24.07%	21.85%	19.81%	17.47%	15.17%	+
	Loans and borrowings repayments compared to own-source revenue Interest and principal repayments on interest bearing loans and borrowings / own-source revenue		N/A	7.43%	1.97%	2.25%	2.49%	2.43%	+
Population									
(population is a key driver of a Council's ability to fund the delivery of services to the community)	Expenses per head of population Total expenses/ Population		\$1,327	\$1,395	\$1,448	\$1,465	\$1,481	\$1,490	-
	Infrastructure per head of population Value of infrastructure / Population		\$4,640	\$4,626	\$4,598	\$4,487	\$4,381	\$4,304	-
Revenue and grants									
(revenue is generated from a range of sources in order to fund the delivery of services to the community)	Own-source revenue per head of population Own source revenue / Population		\$1,189	\$1,232	\$1,278	\$1,300	\$1,323	\$1,345	+

Domain	Measure	Notes	Actual	Forecast	Target	Target Projections			Trend

Key to Forecast Trend:

- + Forecasts improvement in Council's financial performance/financial position indicator
- o Forecasts that Council's financial performance/financial position indicator will be steady
- Forecasts deterioration in Council's financial performance/financial position indicator

1. Adjusted underlying result

This indicator measures Council's sustainable operating performance after removing one-off, non-recurrent and capital-related items. It provides a clearer view of the extent to which ongoing revenues are sufficient to fund ongoing service delivery.

As shown in the table, Council's adjusted underlying result is forecast to be negative in 2026–27 before gradually improving over the following years. This trend reflects strengthening underlying revenue growth and/or continued expenditure discipline, which contribute to a more sustainable operating position. It also demonstrates Council's deliberate and well-managed approach in line with the *Financial Sustainability Strategy*.

2. Working capital

Working capital ratio measures council's ability to meet short term liabilities using short term assets over 12 months. A ratio above 100 per cent indicates that Council has sufficient liquidity to meet its immediate obligations as they fall due. Council's working capital ratio is forecast to be above 100 per cent in both 2025–26 and 2026–27, with a steady upward trend thereafter. Over the medium to long term, Council should aim to maintain the ratio of at least 150 per cent to provide a strong buffer, support financial resilience and respond to unforeseen pressures.

Council is also required to hold sufficient cash to cover restricted assets, including Residential Aged Care accommodation deposits and contract deposits. Rebuilding cash reserves to fully meet these obligations remains a key priority, alongside maintaining adequate working capital to support ongoing cash flow needs.

3. Asset renewal

This indicator compares Council's expenditure on asset renewal and upgrades with depreciation expense. It provides an indication of whether Council is maintaining the condition, functionality, and service potential of its asset base over time.

A ratio close to or above 100 per cent suggests that assets are being renewed at a rate broadly consistent with their consumption. Council continues to prioritise asset renewal within its capital works program to support service continuity, manage asset risk and promote long-term financial sustainability.

4. Rates concentration

This indicator reflects the extent to which Council relies on rate revenue to fund ongoing services. Forecast trends indicate that Council will continue to be significantly reliant on rate revenue relative to other income sources.

5. Loans and borrowings

This indicator measures the appropriate level of interest-bearing loans and borrowings to fund Council's strategic projects. New borrowings will affect this indicator. The trend going downwards indicates Council is prudent with new borrowings in future years.

Plan appendices

The following appendices include both voluntary and statutory disclosures that provide additional detail and support the analysis presented in this *Budget*. Statutory disclosures have been prepared in accordance with the *Local Government Act 2020*, the *Local Government (Planning and Reporting) Regulations 2020*, and the *Local Government Model Financial Report*.

To maintain clarity and readability, this detailed information has not been included in the main body of the *Budget*. The primary focus of the *Budget* is to highlight the key elements, strategic priorities and financial outcomes for the 2026–27 year, supported by appropriate analysis. However, in the interests of open and transparent local government, Council has determined that the detailed information underpinning the *Budget* should be made available through the appendices.

The appendices therefore provide comprehensive supporting information for those seeking a deeper understanding of Council’s budget processes, capital works program, fees and charges, and other statutory requirements. A summary of the contents of each appendix is provided below.

Appendix	Nature of information
A	Planning and Budget process
B	Capital Works Program (<i>as required by the Local Government Regulations</i>)
C	New Capital Works Program
D	Summary of planned capital works expenditure
E	Schedule of user charges and other fees
F	Schedule of Glen Eira Leisure user charges and other fees

Appendix A — Planning and budget process

This section outlines the budget processes Council is required to undertake to adopt the *Budget* in accordance with the *Local Government Act 2020* (the Act) and the *Local Government (Planning and Reporting) Amendment Regulations 2022* (the Regulations).

Under the Act, Council must prepare and adopt an annual budget for each financial year. The *Budget* gives effect to Council's strategic objectives and the actions set out in the *Council Plan Action Plan* for the relevant year by allocating financial and human resources to deliver planned services, initiatives and capital works. The *Budget* is required to include information about the rates and charges Council intends to levy, along with other financial and operational information prescribed by the Regulations to support informed decision-making.

In preparing the *Budget*, Council undertakes community engagement in accordance with the Act and its adopted engagement practices, which are set out in Council's *Community Engagement Policy*.

The *2026–27 Budget* covers the period from 1 July 2026 to 30 June 2027 and has been prepared in accordance with the Act. It is required to be submitted to Council for adoption by 30 June 2026. The *Budget* includes a comprehensive income statement, balance sheet, statement of changes in equity, statement of cash flows and statement of capital works.

These financial statements have been prepared for the year ending 30 June 2027 in accordance with the Act and Regulations and are consistent with the annual financial statements prepared under Australian Accounting Standards and the Local Government Model Accounts. The *Budget* also includes details of the rates and charges to be levied, the capital works program to be undertaken, the human resources required to deliver Council services, and other financial information necessary for Council to make an informed decision on the adoption of the *Budget*.

Under the Victorian Government's *Fair Go Rates System*, councils are subject to a maximum rate increase determined annually by the Minister for Local Government and announced in December for application in the following financial year. Where a council seeks to increase rates above the capped amount, it must apply to the Essential Services Commission (ESC) for a rate cap variation.

Glen Eira City Council applied to the Essential Services Commission for a rate cap variation for the *2026–27 Budget*. The Essential Services Commission has approved a one-year rate cap variation for 2026–27, providing an additional 2.25 per cent above the Victorian Government's 2.75 per cent cap, allowing a total increase of 5 per cent. This approved variation has been incorporated into the *Budget* presented to Council for adoption.

The final step in the budget process is for Council to adopt the *Budget*, taking into account feedback received through community engagement. In accordance with the Act, the *Budget* is required to be adopted by 30 June each year.

The key dates for the 2026–27 budget process are summarised below.

Planning and Budget Process	Timing
Minister for Local Government announces maximum rate increase for the budget year	December
Council develops and confirms the annual Council Plan Action Plan, aligned to Council's strategic priorities	December–January
Officers update Council's long-term financial projections and prepare operating and capital budgets	January–February
Council advises the Essential Services Commission of its intention to make a rate cap variation submission	January
Councillors consider draft budgets at briefings	February–April
Proposed Budget and Council Plan Action Plan submitted to Council for approval	April
Proposed Budget and Council Plan Action Plan available for community feedback	May
Announcement by ESC of rate cap variation decision	Mid-May
Budget and Council Plan Action Plan for adoption	End June
Declaration of Rates and Charges for the budget year	End June

Appendix B: 2026–2027 Capital Works Program

The table in the following pages represents a listing of the capital works projects that will be undertaken for the 2026–27 year. The capital works projects are grouped in relation to non-current asset classes and set out asset expenditure type (i.e. renewal, upgrade, expansion and new). This disclosure is required by the Regulations.

Appendix C: 2026–27 Capital Works Program

This appendix presents a listing of the capital works projects that will be undertaken for the 2026–27 year. The Capital Works Program has been set and prioritised based on a rigorous process of consultation that has enabled Council to assess needs and develop sound business cases for each project.

Project Name	Description	Location	2026-27 Budget Allocation \$	Grants \$	Council Cash \$	Open Space Reserve \$	Strategic Asset Reserve \$
ACTIVITY CENTRES							
Better Streets and Better Places funding allocation	Implementation of Carnegie Activity Centre Koornang Road Masterplan	Koornang Road, Carnegie	\$ 2,000,000	\$ -	\$ 2,000,000	\$ -	\$ -
Multicultural Business Precinct Revitalisation Program	Design, manufacture and install creative lighting and public artwork in Elsternwick Plaza that celebrates harmony across the multicultural community, attracts more evening visitation, improves safety and encourages people to visit longer.	Elsternwick Plaza	\$ 200,000	\$ 160,000	\$ 40,000	\$ -	\$ -
TOTAL ACTIVITY CENTRES			\$ 2,200,000	\$ 160,000	\$ 2,040,000	\$ -	\$ -
COMMUNITY FACILITIES							
Bailey Reserve Softball Pavilion	We have a funding commitment of \$900,000 for the redevelopment of Bailey Reserve Softball Pavilion. The 2026–27 Budget allocation will be for the design/planning and procurement. This will be a multi year project with construction planned for the following year.	Bailey Reserve, 178 East Boundary Road, Bentleigh East	\$ 150,000	\$ -	\$ 150,000	\$ -	\$ -
Mackie Road Reserve Pavilion Redevelopment	Redevelopment of Mackie Road Reserve Pavilion. \$3,000,000 in grant funding has been secured from the State Government.	Mackie Road Reserve, Bentleigh East	\$ 3,500,000	\$ 2,700,000	\$ 800,000	\$ -	\$ -
Refurbishment of the Glen Huntly Pavilion	This project will deliver a female-friendly, accessible, and modern wet-area change room facility that addresses current limitations and ensures compliance with current standards and recommendations. Council was successful in obtaining \$400,000 in funding through the 2025–26 Local Sports Infrastructure Fund (Community Facilities Stream) .	Glen Huntly Pavilion - Corner of Neerim and Booran Road, Glen Huntly	\$ 910,713	\$ 243,213	\$ 667,500	\$ -	\$ -
TOTAL COMMUNITY FACILITIES			\$ 4,560,713	\$ 2,943,213	\$ 1,617,500	\$ -	\$ -
CLIMATE AND SUSTAINABILITY							
Getting off gas - GESAC	Transition GESAC from Gas to an electricity facility. The total project cost is \$6.5m and total grant funding is \$2.5m.	GESAC	\$ 5,925,000	\$ 2,500,000	\$ 3,425,000	\$ -	\$ -
Getting off gas - Council facilities	Move Council facilities from Gas to Electricity.	Town Hall (detailed design)	\$ 100,000	\$ -	\$ 100,000	\$ -	\$ -
Sustainability Initiatives- Energy Efficiency and Solar Projects	This task involves carrying out upgrades to enhance thermal performance and reduce energy loss in rooms identified as having poor insulation or excessive heat transfer	Moorleigh Village	\$ 164,280	\$ -	\$ 164,280	\$ -	\$ -
TOTAL CLIMATE AND SUSTAINABILITY			\$ 6,189,280	\$ 2,500,000	\$ 3,689,280	\$ -	\$ -
COMMUNITY SAFETY							
Cross Intersection Safety	Partial roundabout re-design to include wombat crossings at all legs (Construction). We have received a contribution of \$100,000 through the 2025 TAC Local Government Grant Program.	Sandham Street / St Georges Road, Elsternwick	\$ 370,000	\$ 100,000	\$ 270,000	\$ -	\$ -
Pedestrian Safety	1. Neerim Road, east of Hobart Road - speed cushions (Design and Construction) 2. Kangaroo Road at Murrumbeena Park - Wombat Crossing with flashing lights (Design) 3. Kooyong Road outside Calvary Bethlehem - POS (Design) 4. Carre Street / Stanley Street - Roundabout Improvement Works / Splitter Islands (Construction) 5. Neerim Road, east of Tuckett Street - Pedestrian Refuge (Design)	1. Neerim Road, east of Hobart Road, Murrumbeena 2. Kangaroo Road, Murrumbeena at Murrumbeena Park 3. Kooyong Road, Caulfield South outside Calvary Bethlehem 4. Carre Street / Stanley Street, Elsternwick 5. Neerim Road, east of Tuckett Street, Murrumbeena	\$ 297,000	\$ -	\$ 297,000	\$ -	\$ -
School Safety	1. Wombat Crossing (Construction) 2. Wombat Crossing (Construction) 3. Flashing lights at existing pedestrian crossing (Construction)	1. Hood Crescent, Caulfield North 2. Beavis Street at King Street, Elsternwick 3. Neerim Road, west of Hobart Road, Murrumbeena	\$ 350,000	\$ -	\$ 350,000	\$ -	\$ -
Shopping Centre Safety	Raised Threshold Crossing (Construction)	St Georges Road and McCombie Street, Elsternwick	\$ 221,000	\$ 176,800	\$ 44,200	\$ -	\$ -
Disabled Parking Upgrades	Installation of kerb ramps / shared areas to meet current standards and DDA requirements.	1. 132 Koornang Road, Carnegie 2. 113 Koornang Road Carnegie 3. Riddell Parade, Elsternwick 4. Nicholson Street Bentleigh 5. 708 Centre Road Bentleigh East Additional locations to be determined subject to funding availability.	\$ 50,000	\$ -	\$ 50,000	\$ -	\$ -

Appendix C: 2026–27 Capital Works Program

This appendix presents a listing of the capital works projects that will be undertaken for the 2026–27 year. The Capital Works Program has been set and prioritised based on a rigorous process of consultation that has enabled Council to assess needs and develop sound business cases for each project.

Project Name	Description	Location	2026-27 Budget Allocation \$	Grants \$	Council Cash \$	Open Space Reserve \$	Strategic Asset Reserve \$
Active Transport	Works to improve safety and connections on Frankston Rail Trail and surrounds	Extension from Patterson Road to Uronga Road/ Railway Cr Intersection (3 Flat top speedhump outside 55 Railway Cr, 44 Railway Cr and 6 Uronga Road plus new streetlight) and associated wayfinding signage and road stencils (Active Transport Fund Project)	\$ 150,000	\$ -	\$ 150,000	\$ -	\$ -
		Stage 1 of 2 – Between Glen Huntly Station and Bentleigh Station including improved lighting, cycling facilities, street furniture and landscaping (Active Transport Fund Project)	\$ 124,400	\$ 124,400	\$ -	\$ -	\$ -
		Queens Avenue Intersection /Djerring Trail Connection - Provision of improved cycling connection at Normanby Road intersection (Active Transport Fund Project)	\$ 460,000	\$ 460,000	\$ -	\$ -	\$ -
		Two raised pedestrian crossings in Centre Road Bentleigh at Robert and Mitchell Streets (Active Transport Fund Project)	\$ 200,000	\$ 200,000	\$ -	\$ -	\$ -
TOTAL COMMUNITY SAFETY			\$ 2,222,400	\$ 1,061,200	\$ 1,161,200	\$ -	\$ -
RENEWALS							
Footpath Replacement Program	Replace and repair broken footpaths in priority locations, including Council buildings and Works Depot Better Streets works.	1. Renewal of 10,000 Sqm of footpaths in 13 maintenance areas within Caulfield North and Murrumbeena 2. Reactive footpath repairs 3. Footpath grinding at various locations	\$ 2,550,000	\$ -	\$ 2,550,000	\$ -	\$ -
Road Reconstruction Program	Reconstruction Program to maintain and improve the local road network's integrity, safety, and service level according to Council standards.	1. Coorigil Road, Carnegie (Construction) 2. Yaralla Road, Bentleigh East (Construction) 3. Marlborough Street, Caulfield North (Design)	\$ 2,000,000	\$ 805,000	\$ 1,195,000	\$ -	\$ -
Local Road Resurfacing Program	Resurface Council roads to enhance their serviceable life and condition, in accordance with the Asset Management Plan.	1. Vale Street, Bentleigh (from London Street to Patterson Road) 2. Sharman Court, Bentleigh (Sharman Court and Theresa Street) 3. Tucker Road, Bentleigh (from Evelyn Street to McKinnon Road) 4. Derry Street, Bentleigh East (from Warwick Street to Centre Road) 5. Liverpool Street, Bentleigh East (from Warwick Street to York Street) 6. Yaralla Road, Bentleigh East (from Centre Road to Dead End) 7. Laurel Street, Bentleigh East (from East Boundary Road to Lilac Street) 8. Poet Road, Bentleigh East (from Argyle Street to North Road) 9. Wahgoo Road, Carnegie (from Coorigil Road to Frogmore Road) 10. Hollywood Grove, Carnegie (from Grange Road to Seymour Avenue, and 10m both side of intersection at Seymour Avenue) 11. Koornang Road, Carnegie (from Truganini Road to Neerim Rd) 12. Park Crescent, Caulfield North (from Inkerman Road to Dead End) 13. Mayfield Grove, Caulfield North (from Inkerman Road to Dead End) 14. Bella Vista Road, Caulfield North (from Alma Road to Pental Road) 15. Redan Road, Caulfield North (from Balaclava Road to Bowles Avenue) 16. Canrobert Street, Caulfield North (from Sebastopol Street to Crimea Street) 17. Larch Street, Caulfield South (from Hawthorn Road to Dead end, including 10m from both side of the Jasmine road intersection) 18. Foster Street, Elsternwick (from Murray Street to Glen Huntly Road) 19. Hinton Road, Glen Huntly (from Grange Road to Watson Grove) 20. Wembley Grove, McKinnon (from McKinnon Road to Creswick Grove) 21. Bailey Avenue, St Kilda East (from Glen Eira Road to Dead End) 22. Graceburn Avenue, Carnegie (from Truganini to Dead end)	\$ 1,739,540	\$ -	\$ 1,739,540	\$ -	\$ -
Right of Way Renewal Program	Program is for sustaining Council's Right-of-Way network. Right-of-Way conditions deteriorate over time with an increase in safety issues and liability issues. This program aims to protect the long-term sustainability and viability of the existing constructed Right-of-Way network.	1. Sebastopol Street, Caulfield North ROW 2. Field Street North, Caulfield South ROW 3. Sandham Street, Elsternwick ROW	\$ 474,521	\$ -	\$ 474,521	\$ -	\$ -
Unmade Right of Way Construction Program	To construct unmade Right-of-Way to provide a sealed surface and associated drainage, ensuring that Council assets meet community requirements.	Waratah Avenue to Rosedale Avenue West, Glen Huntly	\$ 254,835	\$ -	\$ 254,835	\$ -	\$ -
Local Area Traffic Management Program (LATM)	Repair and replace traffic devices (Speed humps, rubber speed cushions, raised pedestrian crossings, etc) identified as poor/very poor condition.	Various sites across Carnegie, Caulfield South, Bentleigh and Bentleigh East	\$ 292,182	\$ -	\$ 292,182	\$ -	\$ -
Car Park Renewal Program	Reconstruction Program to maintain and improve the carpark conditions, safety, and service level	22 Stanley Street, Elsternwick	\$ 100,000	\$ -	\$ 100,000	\$ -	\$ -

Appendix C: 2026–27 Capital Works Program

This appendix presents a listing of the capital works projects that will be undertaken for the 2026–27 year. The Capital Works Program has been set and prioritised based on a rigorous process of consultation that has enabled Council to assess needs and develop sound business cases for each project.

Project Name	Description	Location	2026-27 Budget Allocation \$	Grants \$	Council Cash \$	Open Space Reserve \$	Strategic Asset Reserve \$
Kerb and Channel Replacement Program	Repair and replace kerb and channel for efficient road drainage, aligning with current condition program.	1. Kerb and Channel works in 13 footpath renewal areas within Caulfield North and Murrumbeena. 2. Thirty six reactive customer requests will also be actioned.	\$ 400,000	\$ -	\$ 400,000	\$ -	\$ -
Minor Drainage Improvement	Make minor improvements to stormwater drainage pipes, footpaths, kerbs, and pits to reduce flooding risk across various Council locations.	1. Glen Huntly Road and Shooobra Road intersection, Elsternwick 2. 68 Lumeah Road, Caulfield North 3. 98 Queens Avenue, Caulfield East 4. 2–10 Claire Street, McKinnon 5. 433 North Road, Ormond 6. 20 Hillside Avenue, Caulfield 7. 34-44 Omama Road, Murrumbeena 8. East Caulfield Reserve / Dandenong Road Car Park Bay 9. 4 Sandra Grove, Bentleigh 10. 169 Bignell Road, Bentleigh East 11. 118 Balaclava Road, Caulfield North 12. 3 Bruce Court, Elsternwick 13. 39 Aroona Road, Caulfield North 14. 7 Marston Street, Bentleigh 15. 7 Whitmuir Road, Bentleigh 16. 509 Kooyong Road, Gardenvale 17. 69 Mawby Road, Bentleigh East 18. 1A Riddell Parade, Elsternwick 19. 46 Huntly Road, Bentleigh	\$ 300,000	\$ -	\$ 300,000	\$ -	\$ -
Annual Building Refurbishment Program	Annual Building Refurbishment program, which will consolidate all renewal works in a program to achieve Priority Standard enhancements and ensure that economies of scale is achieved with all recurrent maintenance programs.	1. Town Hall- electrical / fire renewal 2. Moorleigh Village Community Centre- fit outs, fittings, and mechanical renewal 3. Packer Park- mechanical renewal 4. Bentleigh West Kindergarten- mechanical renewal 5. Centre Road Kindergarten- mechanical renewal 6. Ormond Kindergarten- mechanical renewal 7. McKinnon Hall- roof renewal 8. ILU (Unit 3 & 5 Marara Road, Caulfield South) - mechanical renewal 9. Carnegie Library - fire renewal 10. Carnegie Library - Improve spaces, use and accessibility 11. Elsternwick Library - roof renewal 12. Elsternwick Library - Implement the Open Access Libraries project 13. Bentleigh Library - Implement the Open Access Libraries project 14. Caulfield Maternal and Child Health Centre- floor covering renewal 15. Moorleigh M&CH- floor, fit outs/renewal/hydraulic renewal 16. Warrawee- mechanical renewal 17. Caulfield Senior Citizens Club- floor renewal 18. Brooklyn Avenue Tennis Court Pavilion - fit out, floor renewal 19. DC Bricker pavilion - mechanical renewal 20. Bentleigh Hodgson reserve - roof renewal 21. McKinnon Reserve - roof renewal 22. EE Gunn Reserve Pavilion - roof renewal 23. Elsternwick Croquet Club - drainage	\$ 2,000,000	\$ 55,000	\$ 1,945,000	\$ -	\$ -

Appendix C: 2026–27 Capital Works Program

This appendix presents a listing of the capital works projects that will be undertaken for the 2026–27 year. The Capital Works Program has been set and prioritised based on a rigorous process of consultation that has enabled Council to assess needs and develop sound business cases for each project.

Project Name	Description	Location	2026-27 Budget Allocation \$	Grants \$	Council Cash \$	Open Space Reserve \$	Strategic Asset Reserve \$
Annual Park Refurbishment Program	Annual Park Refurbishment program - Consolidation of all Renewal to apply a place based delivery model; and ensure that economies of scale is achieved with all recurrent maintenance programs.	<p>Park Asset Renewal Program</p> <ol style="list-style-type: none"> 1.
